SIR,

With reference to your no. 21512 of 7.7.94,

I have the honor to inform you, that when Chansapatam was the Head Quarters of the Anakapalli Division, all 'Tools' in his custody were kept in the stone shed there. Since his removal to Anakapalli, he has had to secure the same the best way he could, and as the better portion of his works are nearer to his present Head Quarters and the number of Tools increased, and as there is no Government Building available at Anakapalli or anywhere within the jurisdiction of the Division except at Chansapatam, which is far away from Head Quarters, a separate building had to be hired for the purpose. Under these circumstances, I request that you will be kind enough to obtain the sanction of Government.

The Examiner P. W. accounts Madras, informs me in his audit note for May '94, that the rent of quarters for Tools should be charged to Establishment Contingencies and

and desires me to obtain the sanction of Government
to the hire -

I have the honor to
