Government or Local Boards or Municipalities, should be granted by the authorities paying their salaries free quarters or house-rent in lieu. It is to be distinctly understood, however, that the grant of house-rent is conditional on the hospital assistant concerned providing himself with quarters within a convenient distance of his duties or of the hospital or dispensary in which he may be employed. The quarters thus rented should be approved by the authority under whom the hospital assistant is serving. In places where free quarters are not provided and where suitable quarters within a convenient distance are not obtainable, it will be the duty of the Government or the local body concerned, as the case may be, to build free quarters.

3. This Resolution only applies to those hospital assistants who are Government servants.

Order—

Ordered that a copy of this Resolution be forwarded to Local Governments and Administrations for information and guidance, and that a copy be forwarded to the Foreign Department for information.

Letter from the Resident at Hyderabad, No. 79, dated the 14th March 1893.

Letter from the Chief Commissioner of Coorg, No. 420—14-87, dated the 23rd March 1893.

Resolution—

In connection with the question of improving the position and prospects of hospital assistants in civil employ, the Government of India enquired of Local Governments and Administrations whether a general rule should not be laid down to the effect that all hospital assistants who are employed in sanctioned appointments, as opposed to those doing general duty, should be allowed free quarters or house-rent in lieu. It was added that the practice of allowing free quarters or house-rent to hospital assistants when employed in sanctioned posts was believed to have been generally adopted in all Provinces, on the ground that they are required to reside close to the scene of their work, and Local Governments and Administrations were asked whether they had any objection to a rule such as that proposed being made absolute.

2. The replies received show that Local Governments and Administrations agree generally in recommending that hospital assistants should be allowed free quarters or house-rent. The Governor-General in Council is accordingly pleased to decide that all hospital assistants employed in sanctioned appointments, whether under

SUPERINTENDING ENGINEER
No. 1/705
3 AUG. 94
FIRST CIRCLE.

Letter from the Executive Engineer Kurnool Division, No. 1571 dated 11th August 1894 to the Supdg: Engineer III Circle, Bellary.

Owing to no subordinate having been posted to this Division in place of Overseer Subramhaya Iyer, the actual strength of Upper subordinates is less than the sanctioned scale by one.

2. This subordinate is to take charge of the 1st Section of the Canal during his absence, the work is with difficulty looked after by the Upper Sub Divn. Officer with the assistance of the Irrigation Superintendent & Sub Overseer. In doing so he required necessarily the services of the lascar of the sectional Officer and he utilized them.

3. The Examiner, in his Dis: List on the salary bill for May 1894 questioned the retention of the lascar in the absence of an Overseer and the circumstances were explained to him, but he has now finally disallowed the claim and says sanction of Government is necessary to admit it.

4. Under the circumstances I have the honor to request that the required sanction of Government for the retention of the lascar even during the absence of the Overseer may be obtained or that an Overseer may be posted in place of P. Subramhanya Iyer vide my letter No. 1342 dated 2nd August 1894 to remove this objection.

~~Annual~~ indent on England for Stores.

1. All articles required for the public service, which cannot be manufactured in India, are, as an almost invariable rule, to be obtained by indenting on the Secretary of State. The Store Department at the India Office constitutes a special agency, which is maintained for the express purpose of purchasing stores in England on account of the Government of India, and, save in the special cases mentioned below, stores of European manufacture must not be bought in India, or obtained direct from Europe independently of the India Office.

2. The special cases in which, with the previous sanction of the Government of India or of the Local Government, as the case may be, stores of European manufacture may be obtained in India, are:—

(*a*) When for any special reason it may be more economical to do so;

(*b*) When stores indented for from England have not arrived, and inconvenience to the public service is anticipated from the delay in the supply;

(*c*) When the stores are perishable.

3. Indents for public works stores, other than railway stores, so long as they are within the grant assigned for the purpose, should be sent direct by the Secretaries in the Public Works Department of the several Local Governments and Administrations to the India Office; three copies of printed and two of manuscript indents should be sent, and a copy be submitted to the Government of India.

4. This form of indent should invariably be adhered to, other modes of application being entirely discarded, and requisitions in the body of letters, which may be overlooked or misunderstood, being specially avoided.

5. The columns (which sufficiently explain their own meaning) must be filled up without alteration, and others are not to be substituted, any remarks that may be considered necessary being confined to the column for that purpose, which should contain every explanation that may guide in the supply and pattern of the articles required.

6. Where an established proportion for general stores has not yet been fixed, it should consist of three years' ordinary expenditure: the quantities in store at the date of requisition being added to the quantities due upon former indents, the difference between the aggregate of these two columns and the established proportion is the proper quantity to be asked for. This procedure if duly attended to, will always keep up an ample supply for general service; if, however, in exceptional circumstances, it is found desirable to exceed the established proportion, the reason for so doing must be inserted in the column of remarks. The calculation of the established proportion on the basis of three years' ordinary expenditure is not applicable in the case of railways.

7. The columns printed in red ink are to be left blank for completion in England.

8. In the column of remarks, the port to which stores are to be consigned should be stated, and also the names of the last two or three vessels whose consignments have been included in the quantity in store as shown in column 6.

9. Each indent must be accompanied by a certificate of the necessity for the stores indented for, and that they cannot be advantageously procured of local manufacture or from surplus stores of other departments, railways or administrations.

10. In the case of stores for imperial purposes (including all state railways) in a year not yet begun, the sanction of the Government of India must be obtained to the proposed allotment before the Examiner can give his certificate; but for stores for provincial services (except provincial state railways) the sanction of the Local Government or administration will suffice for the Examiner.

11. When it is expected that the outlay will be provided partly in one year and partly in another, the following addition should be made to the Examiner's certificate—"and that the balance of the estimated outlay in England, or £ will be provided by the Government of India in the estimates of the year 189 -9 . *Vide* Government of India letter No. dated "

12. In preparing indents attention should be paid to the rules on the subject in appendix O. (P. W. Code, vol. I).

No. 95 C. E.

Forwarded to the Chief Engineer, Public Works Department, Madras, with a request that the rubbers may be sent for from England as soon as possible.

2. The rubber is believed to be prepared by a patent process, and ordinary sheet rubber, which has been tried has proved a failure.

Government or Local Boards or Municipalities, should be granted by the authorities paying their salaries free quarters or house-rent in lieu. It is to be distinctly understood, however, that the grant of house-rent is conditional on the hospital assistant concerned providing himself with quarters within a convenient distance of his duties or of the hospital or dispensary in which he may be employed. The quarters thus rented should be approved by the authority under whom the hospital assistant is serving. In places where free quarters are not provided and where suitable quarters within a convenient distance are not obtainable, it will be the duty of the Government or the local body concerned, as the case may be, to build free quarters.

3. This Resolution only applies to those hospital assistants who are Government servants.

Order—

Ordered that a copy of this Resolution be forwarded to Local Governments and Administrations for information and guidance, and that a copy be forwarded to the Foreign Department for information.

Letter from the Resident at Hyderabad, No. 79, dated the 14th March 1893.

Letter from the Chief Commissioner of Coorg, No. 420—14-87, dated the 23rd March 1893.

Resolution—

In connection with the question of improving the position and prospects of hospital assistants in civil employ, the Government of India enquired of Local Governments and Administrations whether a general rule should not be laid down to the effect that all hospital assistants who are employed in sanctioned appointments, as opposed to those doing general duty, should be allowed free quarters or house-rent in lieu. It was added that the practice of allowing free quarters or house-rent to hospital assistants when employed in sanctioned posts was believed to have been generally adopted in all Provinces, on the ground that they are required to reside close to the scene of their work, and Local Governments and Administrations were asked whether they had any objection to a rule such as that proposed being made absolute.

2. The replies received show that Local Governments and Administrations agree generally in recommending that hospital assistants should be allowed free quarters or house-rent. The Governor-General in Council is accordingly pleased to decide that all hospital assistants employed in sanctioned appointments, whether under
