

Endorsement from the Superintending Engineer 2nd Circle
No. 3180 K.S. dated 31st March 1894.

No 46 Encl

Forwarded to the Chief Engineer, P. W. Department

2. When the establishment for investigating the
Kistna upland project was abolished under G.O. No.
2438 K.S. dated 22nd September 1893, the Executive Engineer
Kistna Western Division retained the services of two
surveyors on Rs 80 per mensem each in anticipation of sanction
to an increase to the strength of the J. R. Party for
preparing plans and estimates for private tanks affecting
Railways. One of the Surveyors entered upon this work
on the 1st and the other on the 9th December last and the
services of both were dispensed with from 16th February 1894.
Estimates for some of the tanks were prepared and sent to
the Collector for disposal. The pay of the Surveyors
cannot be debited to the Tank Restoration Scheme. As the
Examiners of P. W. Accounts has disallowed their pay
it is requested that he may be authorized to pass the
outlay.

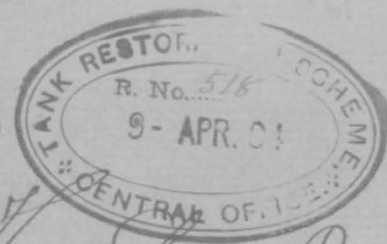

3. The action of the Superintending Engineer
in increasing the strength of a Tank Restoration Party
without sanction was most irregular.

NOTES.

REFERENCE TO MADRAS P. W. D. CODE,
EDITION OF 1886.

PARAS. 25 & 26.

1. The column headed "present scale" should invariably show the *sanctioned scale for the time being* and not the strength of the actual (whether above or below sanctioned) establishment as it happens to stand at the time. The "present scale" should be verified by the examiner before the proposal is submitted to government for sanction (paras. 25 and 26).

2. In the column "average or fixed pay," financial value, not mean value, should be given.

3. The financial value should in the case of progressive appointments be calculated as follows:—

(1) If the period of rise from minimum to maximum is 5 years, the average will be the minimum *plus* two-thirds, or if the appointment is a ministerial one, *plus* three-fourths, of the difference between the minimum and maximum (C. S. R., Art. 164).

(2) If the period of growth exceeds five years (as in the case of accountants) the $\frac{1}{10}$ th fraction should be decreased by $\frac{1}{10}$ th of the difference for every year by which the period exceeds five; the fraction for periods in excess of five years will therefore be as follows:—

$$6 \text{ years} = \frac{3}{4} - \frac{1}{10} = \frac{44}{50}$$

$$7 \text{ years} = \frac{3}{4} - \frac{2}{10} = \frac{43}{50}$$

$$8 \text{ years} = \frac{3}{4} - \frac{3}{10} = \frac{42}{50}$$

and so on; so that when the period of growth is 20 years the financial value will be the exact mean.

STATION, _____
Dated 22-12-1893

Signature and rank of Head of Office.

With reference to para 3 of your
Endorsement No. 1686 M.S. d, 13th Oct 1893
only. A.C. No. 2438 M.S. d, 22nd Sept 1893
I have the honor to inform you that
the services of Surveyor L. D. Masani
Vaidya were dispensed with from
the forenoon of 16th November 1893 as the
investigation of Janapad Scheme
on which he was employed has
been completed.

2. The services of Surveyor N. Dorasami Pillai and Draftsman S. Purandara Rao were also dispensed with from the afternoon of 30th November 1893 the survey and levels of Diversion road in connection with the Melkavagu Project on which the former was employed having also been completed.

3. Surveyor S. V. Dorasami Pillai & Co. Dorasami Naidu above referred to have been retransferred by me to N.º 7 Party I. R. S from the 1st Decr 93 and 9th December 93 respectively to investigate the private tanks affecting Southern Mahratta Railway. Consequently the Establishment of N.º 7 Party had to be revised and for which a proposition statement is herewith submitted and

and I request you will be pleased
to obtain sanction of Government
for this additional charge under
I. R. S. as it can be met from the
savings effected under the grant
of Investigation of Shikha Uplands
Project which will then be reduced
from Rs 3,000 to Rs 2,350.

No 3180 Rs
31.3.94

Submitted to the Chief
Engineer for Irrigation I. R. Scheme
for favor of obtaining the sanction
of Government to the proposition
statement under the circumstances
explained by the Chief Engineer in
the foregoing.
