Sir,

With reference to your office No. 239 of 24-7-94 I respectfully beg you will be pleased to submit the case for the Orders of the Superintending Engineer and the Government if necessary as it is not safe for me to act when some vagueness exists in the rules.

It is in the interests of all the members of the Department that the rules should be made clearer.

Servants from lending money & land holders on the mortgage of lands, situated in the Presidency in which they are serving. The explanatory note 25 shows clearly that rule 23 is not intended to prohibit a loan to my Cook on the mortgage of lands situated in Vizayanagaram Zamin = dari an which can therefore never be within my charge. It appears from Rule 25 that Rule 23 is not meant to be applied to all the so called land holders and to loans of the nature under reference, where no undue influence as regards interest &c can be exercised by me as a public servant

(4) Under the above circumstances, I beg, to be informed whether the loan under reference can be given without violation of the Rules regulating the conduct of the Public Servants.
