10TH SEPTEMBER 1894, No. 2282 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following paper :—

Office-note from the Examiner, Public Works Accounts, dated Madras, 1st September 1894, No. 3580 D./E.

In the travelling allowance bill of No. 3 Tank Restoration Scheme Party for April 1894, a sum of Rs. 190-15-0 was claimed on behalf of V. R. Kuppusami Mudaliar, Supervisor, transferred from Ganjām to No. 3 Party, the claim being for actual expenses under Civil Service Regulations, article 1205, for the journey by railway.

2. To be entitled to travelling allowance under the above article, the Supervisor should have complied with the conditions mentioned in note I under the article. As this was not done, ordinary travelling allowance only was passed to the Supervisor.

3. In reply to the disallowance, the Supervisor stated as follows :—

“To obtain a detailed statement explanatory of the charges incurred from the Executive Engineer, Ganjām division, I was not aware that it was necessary till I was informed of it in the Central office, Tank Restoration Scheme, after I joined my new division. So I did not claim, under article 1205 (b), Civil Service Regulations, for journey by road, the actual charges of locomotion for myself, family and 3 servants although they exceed much the ordinary rate of mileage to which I am entitled. I claimed 4 second-class railway fare because I travelled with all my children, &c. As to the luggage charges, as per railway receipt I submitted already, I have paid nearly twice as much as I claimed; I therefore request these will be passed as allowed for in the above article.”

The Supervisor pleads ignorance of the rules, and, under the circumstances, orders of Government are requested whether the claims may be admitted with special reference to their reasonableness and necessity.

4. As claims of this nature are likely to be frequent, I would suggest that the attention of Executive Engineers and other heads of offices be drawn to Civil Service Regulations, article 1205, note I, and that they may be informed—

(i) that in scrutinizing the proposed charges for servants and luggage, special attention may be paid to their reasonableness and necessity with reference to the subordinate's official status;

(ii) that, unless the explanatory memo. with the vouchers as prescribed by rule are submitted, claims to travelling allowance under article 1205 will not be passed.

ORDER—dated 10th September 1894, No. 2282 W., Public Works.

The claim will be admitted as a special case.

2. The attention of all officers of the department will be drawn to the remarks in paragraph 4 of the Examiner's note.

(True Extract.)

Under Secy. to Govt., P.W.D.

To the Chief Engineer for Irrigation.

„ Superintending Engineers.
„ the Consulting Architect to Government.
„ the Superintendent of Works, Periyār Project.
„ the Examiner, Public Works Accounts.
