G.O., dated 31st August 1894, No. 2118, Judicial.

Read—the following papers:—

From Colonel H. W. H. COX, Commissioner of Police, Madras, to the Chief Secretary to Government, dated Madras, 17th July 1894, No. 82.

The stables attached to the old Presidency Magistrates' Court in Black Town have hitherto been and are now used for the police horses of the B Division. Upon a reference made by the Consulting Architect, I asked him to reserve from sale these stables, the old police station-house used as a harness room and the ground adjoining shown in the sketch plan attached enclosed with a red line. He replies that, as there is an upper story to the main building over the stables, this portion of the stables cannot be treated separately and suggests that a wall (b c) should be built at a cost within Rs. 500 cutting off the stables. He adds that if stalls for horses are to be built within this wall, it will be necessary for me to obtain the sanction of Government.

2. At present stables are rented for the horses of the C Division at a monthly cost of Rs. 12, and we shall have to rent stables for the horses of the B Division when the old Magistrates' Court is sold. I should prefer to have the horses of both divisions stabled together in stables to be built along the line b c. The line on space available is about 60 feet which is sufficient for six stalls and would accommodate the six horses at present in use in the two divisions. The number of horses is never likely to diminish and will increase by one in the event of a European Inspector taking the place of the Native Inspector now in the C Division.

3. The horses will certainly be maintained in better condition and in better health in such stables than in the very crowded and inferior accommodation available for rent. I therefore have the honour to request that Government will be pleased to authorise the Consulting Architect to hand over to me the land lying north of the line a c and to prepare an estimate for the erection of six stalls along the line b c.

From H. IRWIN, Esq., C.I.E., Consulting Architect to the Government of Madras, to the Chief Engineer, Public Works Department, dated Chepāk, 8th August 1894, No. 1302.

In returning the letter and sketch plan received with your memorandum No. 655 D., dated the 26th July 1894, I have the honour to state the old police station, stables and latrines shown on the sketch plan form part of the old Town Police Court buildings, the sale of which was approved in G.O., No. 1035 W., dated 21st April 1894. Since the removal of the Court to the new premises in the beach in March 1889, these buildings continued to be used by the Police Department. The Commissioner of Police requested that they be reserved and not sold with the rest of the buildings.

The existing stables are contiguous to the old Court-house and carry a verandah. Under these circumstances, they cannot well be separated from the larger building. The Commissioner of Police now requests that a boundary wall be built with six new stalls along the line a b c and the rest of the buildings to the south of it sold.

Endorsement in the Public Works Department, dated 15th August 1894, No. 777 D.

Order—dated 31st August 1894, No. 2118, Judicial.

The Commissioner's proposals are approved and the necessary orders for the preparation of estimates will issue in the Public Works Department.
