Rate List for Class G State Railway Stores, "Tools and Stores"
for 1892.

Calcutta, the 14th December 1893.

SIR,

I have the honour to forward, for information and guidance, a printed statement showing the actual *free on board* English rates for G Class State Railway Stores, "Tools and Stores," contracted for by the India Office during 1892.

2. An allowance of 10 per cent. on the original cost of "Tools and Stores," except Portland cement, should be made for entire sea-freight to the several Indian ports, and four-fifths thereof should be entered in indents as payable in England. The allowance that should be made for sea-freight for Portland cement is noted in the column of "Remarks," on page 90 of the Rate List forwarded herewith.

3. In order to arrive at the total cost of materials landed at port, an insurance charge of one per cent. on the *free on board* cost, plus the entire sea-freight, should be added in addition to the other incidental charges, exchange being calculated at the official rate for the year.

4. In the lists of former years the rate of each article obtained from England was given; in the present list it has been considered sufficient to give the rate for only one or two articles of each kind, a change which, it will be noticed, has resulted in a considerable diminution of bulk. This practice, will, I have to add, be continued in future.

I have the honour to be,

SIR,

Your most obedient Servant,

R. A. SARGEANT, Lieut.-Colonel, R.E.,
Director General of Railways.
