2. The estimates and plan that accom-
panied your letter are returned.

3. I have seen the place. The entrance and
the ground around is covered with prickly pear
and I do not think that the dilapidated state
(said to have been caused by lightning) of the Go-
puram is such as to cause danger to the public,
as no one goes near it. I am requesting the Dy-
Collector to see that a fence is put round it by the
Temple people.

I have the honor to be,
Sir
