From the statement
submitted it would
appear that there are
likely to be considerable
savings in "Establishment".
The outlay to end of
July 1894 (4 months) is
Rs 7,04,657 and at

N. 3757 ^D/_B d/13-9 94

To W.

The total of the grants for
Establishment for the current offi-
cial year amounts on this date to
Rs. 21,94,538 according to the Budget
Registers of this office, while the
approximate charges for the year bas-
ed on the actual audits will amount
to Rs. 21,27,054 or Rs. 67,484 less
than grant: there therefore appears
to be no objection to the proposed
transfer of Rs. 30,000 to "works."

the same rate the
total for the year
will be \$21,13,971
against a grant of
\$21,93,781.

It would thus seem
perfectly safe to make
a transfer now of
\$30,000 to "Wals".

Please let me know
whether you see any
objection to this being
done.
