The following rules for the regulation of the position of honorary commissioned, warrant
and non-commissioned officers specially promoted for field service or for distinguished service of
an exceptional nature other than in the field are substituted for those contained in clause 48,
India Army Circulars of 1884:—

1. An honorary commissioned, warrant or non-commissioned officer promoted for field
service or for distinguished service of an exceptional nature other than in the field will be
supernumerary in his new grade (his name being printed in italics in the Army List) until the
occurrence of the vacancy which would have promoted him in ordinary course, when he will be
absorbed in that grade. That is, unless again specially selected for promotion, he will not be
promoted to the next higher grade until all those who were his seniors in the grade from which
he was specially promoted have risen to that higher grade. For instance, if in the list of
