

Letter No: 1908 dated 7th September/94 from
the Executive Engineer Kurnool Division to the
Superintending Engineer III Circle Bellary.

I have the honor to bring
to your notice that Sub-Engineer Mr. Denny
was obliged to remain at Sunkesala
from 24th March to 19th April/94 in the
interest of public service while a
portion of the aqueduct was being rebuilt
and claims daily allowance for the whole
period of his halt under the exception
referred to in Article 1159 of the C. S. R.
to the limitation of a halt to 10 days
ordinarily. As it is true that the prolonged
halt was necessary in the interests of the
public service and that during the time
Mr. Denny reports to have maintained
camp equipment or otherwise incurred
extra expenditure, I recommend that
sanction of Govt. may be obtained
for allowing him daily Allowance
from 4th to 19th April/94 the days he halted
at Sunkesala in excess of ten days -

Sta 1462

Copy forwarded to the Chief
Engineer for favor of orders.
