

CURRENT NO. 2630

No. 507

Encl.

From

SURGEON MAJOR-GENERAL C. SIBTHORPE, F.R.C.P.J.,

SURGEON-GENERAL WITH THE

GOVERNMENT OF MADRAS,

Madras,

To

THE Secretary to Government,
Military Department.

SIR,

I have the honor to state that the Medical Stores Depot Madras has lately been provided with a fire Engine.

2. The Superintendent of Fire Engine who visited the Depot pointed out that the only hydrant at the Depot was useless as the flow of water was sluggish and suggested the advisability of having 4 good hydrants whereby water could be readily brought to play on any part of the Depot buildings.

3. Application was accordingly made by the Principal Medical Storekeeper to the President Madras Municipality to take steps to have suitable hydrants fitted, but in reply the Municipal Engineer suggested the employment of a licensed plumber to carry out the work.

4. The Consulting Architect was then addressed on the subject and from his reply the

the fitting of hydrants with the necessary
piping would cost about Rupees 1000.

5 I therefore request that Government
will be pleased to instruct the Consulting
Architect to prepare the necessary plan and
Estimate as without these hydrants the Fire
Engine at the Depot will be of very little
use.

I have the honor to be
Sir

Your most obedient servant.
