No 1128  
1894

Calcutta 195 of 94

From,

J. Varada Rao Esq. M.C.S.  
Chairman Municipal Council  
Calicut  
The Honorable J. D. P. S. S.  
Chief Secretary to Government  
The Collector of Malabar  
Sir,

The Government is aware a sum  
of Rs 450 is provided in the Budget Estimate  
for 94-95 for the construction of "Silaban  
Cinerator" for the destruction by fire  
of town sweepings and night soil. This  
as will be observed by reference  
to G. O. no 513. n. dated 23rd April 1894  
reviewing the Sanitary Commissioner's Inspection  
Report for 93-94, is an experimental  
measure and if successful, the method  
of disposal by incineration is to be extended.  
Meanwhile the military authorities  
in Calicut requested me to build them  
an incinerator for the use of the Commissariat  
lines and in consultation with  
the

the principal Executive fixed upon  
a suitable site for locating the  
cinerator.

As remarked in para 23  
of my annual report for 93-94 —  
forwarded to Government on the  
16<sup>th</sup> June 1894 the agency under my  
costs is not qualified to build  
the cinerator and in my letter 1068  
dated 13<sup>th</sup> August 94, I requested  
the Executive Engineer, West Coast  
Division, to kindly undertake to do  
the work on my furnishing the necessary  
funds and any extra charges for  
superiority to that may be determined  
upon. The reply of the Executive  
Engineer is submitted for the orders  
of Government.

It must be stated that  
the approximate estimated cost for  
the construction of a 4 ft section  
cinerator, as given by the patentee  
is Rs 436-8-11 which is less than  
the limit quoted by the Executive  
Engineer.

Again the L.O. quoted

by the Executive Engineer does not  
seem to cover the cost of erecting  
works for which plans and estimates  
are already furnished by a civic body —  
In this case I forwarded to the  
Executive Engineer the specifications  
and the estimate as received from the  
Sanitary Commissioner.

I have the honor to request  
that whether it agrees with me or not  
on the point at issue between the Executive  
Engineer and me, Government will  
be pleased to direct the Executive  
Engineer, West Coast Division, to  
carry out the work on my putting him  
in possession of the necessary funds —  
chiefly because I have no trained  
agency qualified to be entrusted with  
a work of such a special character.

Unless the work is completed  
and the cinerator is in fair working  
for at least a month before the date  
for the submission of my annual  
budget estimates for the next year  
I shall be unable to provide  
funds for the extension of the

the cinerator system if such a course  
is considered desirable from the  
ascertained results of the experiment.

I have the honor to be,

Very respectfully,  
Your obedient servant.

Yours faithfully,  
J. H. H. H.

No 1128  
1894

Cal 195 of 94

1894 - 22nd April 1894  
at Calicut 29th August 1894

From  
J. Varada Rao Esq Mre. S.C.S  
Chairman Municipal Council  
Calicut  
The Honble J. D. P. S. S.  
Chief Secretary to Government  
Thru the Collector of Malabar  
Sir,

The Government is aware a sum  
of Rs. 400 is provided in the Budget Estimate  
for 94-95 for the construction of "Silaka  
Incinerator" for the destruction of  
of town sweepings and night soil. This  
as will be observed by reference  
to G.O. No. 513. n. dated 23rd April 1894  
reviewing the Sanitary Commissioner's Inspection  
Report for 93-94, is an experimental  
measure and if successful, the method  
of disposal by incineration is to be extended.  
Meanwhile the military authorities  
in Calicut requested me to build them  
an incinerator for the use of the Commissariat  
lines and in consultation with  
the

the respective Executive fixed upon  
a suitable site for locating the  
cinerator.

As remarked in para 23  
of my annual report for 93-94 —  
forwarded to Government on the  
16<sup>th</sup> June 1894 the agency under ref.  
Costach is not qualified to build  
the cinerator and in my letter 1068  
dated 18<sup>th</sup> August 94, I requested  
the Executive Engineer, West Coast  
Division, to kindly undertake to do  
the work on my furnishing the necessary  
funds and any extra charges for  
superiority to that may be determined  
upon. The reply of the Executive  
Engineer is submitted for the orders  
of Government.

It must be stated that  
the approximate estimated cost for  
the construction of a 4 ft section  
cinerator, as given by the patentee  
is Rs 436-8-11 which is less than  
the limit quoted by the Executive  
Engineer.

Again the E.O. quoted

by the Executive Engineer described  
them to cover the cost of executing  
works for which plans and estimates  
are already furnished by a civic body.  
In this case I forwarded to the  
Executive Engineer the specifications  
and the estimate as received from the  
Sanitary Commissioner.

I have the honor to request  
that whether it agrees with me or not  
on the point at issue between the Executive  
Engineer and me, Government will  
be pleased to direct the Executive  
Engineer, West Coast Division, to  
carry out the work on my putting him  
in possession of the necessary funds —  
chiefly because I have no trained  
agency qualified to be entrusted with  
a work of such a special character.

Unless the work is completed  
and the cinerator is in fair working  
for at least a month before the date  
for the submission of my annual  
budget estimates for the next year  
I shall be unable to provide  
funds for the extension of the

the cinerator system if such a course  
 is considered desirable from the

S.A.W.

The Supt of Works has brought forward 7 new items & has applied for an increased rate of pay in favor of the watchman for the Kuruwauote Post House. The watchmen required in these 7 cases are intended for guarding stores & works & for conservancy purposes. As regards the increase recommended there is an explanation against the item in the list. The new items are marked thus (x)

The file containing Co. 2386 of 18-9-93 in which the last year's list was sanctioned is herewith put up.

+ See explanation against 2 items only.

to in this note seems to be  
that given in the last  
column of the statement  
against the ~~Wilmington~~  
West House watchman  
on the 9 whose pay is raised  
from the 7.

There is no special  
explanation given in  
other cases. The duties  
of the man are shown, &  
that is all.

D.W. 21 Sep 94

I have just noticed  
para 2 of the draft order.  
It should I think be  
omitted. The man is really  
a watchman, and the fact  
that he also sweeps the  
West House should not be  
held to warrant his pay  
being charged against the  
Provincial Establishment.  
Almost every watchman  
must do work of this kind.
