From the Registrar of the High Court, Appellate Side, Madras, dy 11th September 1894, No. 23

As the Court-house of the District Munsif of Peddapur is located on an open ground at considerable distance from the town, and there is no supply of drinking water in the neighbourhood the District Judge of Godavari applies for sanction to sink a well in the Munsif's Court compound at a probable cost of Rs. 600/-. As the District Judge considers it desirable to have the work executed by the Public Works Department and its cost will exceed Rs. 500/-, I am directed to request that His Excellency the Governor in Council will be pleased to sanction it and issue orders to the Public Works Department for the preparation of estimates and for the execution of the work.
