Supplemental estimate for providing railings to the approaches of the Kullar Suspension bridge

No. 2524 W. dy 11th October 1894.

INDEXED 4/10

2 C.C. 1/10

No. 2524 W. dt 11th October 1894. PUBLIC WORKS DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following

From the Supty. Engineer IVth Circle No 393 W dt 22nd September 1894.

The estimate, amounting to Rs 1,030 for providing side railings to the approaches of the new suspension bridge at Kullar, is sanctioned as supplemental to the estimate of Rs 42,500 sanctioned in G.O. No 2548 W, dated 7th October 1893.

2. A sum of Rs 10,700 has been allotted for the work in the current official year.

3 This sanction has been registered as Provincial No 5446 of 1894-95 and classified as Communications, Original Works.

Current No. 7194

Letter No. 393/W

Dated 22nd September 1894.

From the Supg Engineer IV Circle.

NOTE BY TECHNICAL SECTION.

Name of work Railings to the approaches of the new suspension bridge at Kullar

Amount of Estimate Rs 1,030.

The SE IV Circle, submits for the sanction of Govt an estimate amounting to Rs 1030, for providing side railings to the approaches of the new suspension bridge at Kullar, as supplemental to the estimate amounting to Rs 42,500 sanctioned in G.O. No. 2548 W dated 7th Oct 1893.

The approaches of the suspension bridge are stilted to the very high with no protection whatever on either side of the road to prevent carts from capsizing during dark nights &c. The estimate therefore provides for fixing on both sides of the approaches stone uprights 6'x1'x½' let 3 feet in the ground & placed 12 feet apart with S. I. Railway rails as railing.

The rates cannot be checked

To

The Chief Engineer
Public Works Department

Sir,

Enclosures.

I have the honor to submit a letter No 1494 dated 28th September 1894 from the Inspector General of Prisons with enclosure. The shed referred to is the old carpenters' workshop which was erected by the Jail Department, the roof consists of palmirah couplis 20 feet clear span supported on brick pillars, the roof covering is of flat and pantiles. Many of the palmirahs are in an advanced state of decay and the posts are so far destroyed by white ants that the flat tiles are beginning to drop for want of support to the no small risk of the workmen. The [illegible] the inner side of the
