I do not think that the Contractor's claim should be admitted until we know what orders be received from the late Conductor Smith. It is not clear that the contractor did not collect the materials out of his own conveniance. I am therefore in anticipation of your approval writing to the Offg Executive Engineer Cellent to defer payment pending further orders. i.f.g. at 60 Cells to do so CC/34

Enclosure.

Sir,

With reference to your No. 469 W.C. dated 18th September '94 I have the honor to state that although the tender for the work was accepted as explained in my No. 335 S.E., dated 2nd June 1894, and the Contract bond ordered to be executed No formal orders were given by this Office for the execution of the work, but the late Sub Divl Office late Condr and Sub Enqr Mr. B. Smith on receipt of the order for the execution of the bond, appears to have furnished a copy of this Estimate to the Contractor who thereupon collected the materials. Doubtless the Sub Divl Office thought that so long as tenders were invited and a tender accepted funds were available.

Submitted to the Chief Engineer P.W.D. with reference to his No. 884 D. dated 28th August 1894.

Supg. Engineer 4th Circle.

I have the honor to be
Sir,
Your most obedient servant,

Executive Engineer.
