No. 1850

27th September 1894.

From

Henry Irwin, Esq., C.I.E.,
Consulting Architect
to the Government of Madras,

To

The Chief Engineer
Public Works Department

Sir,

2 Enclosures.

With reference to your Memo: No. 29720 dated the 20th September 1894, I have the honor to forward a plan of the large Lecture room and adjoining rooms shewing the portions at back of lecture platform to have a wooden floor instead of a Cuddapah slab floor as sanctioned and the two piers to be removed. These alterations will in no way alter the usefulness of the rooms at the back of the platform nor will the alterations in any way detract from the appearance of the building.

2. These alterations include fitting up three doors in the centre portion with the doors taken from the present cross walls. They will cost 2000 Rs and the Madras Dramatic Society are still willing to pay the cost.

I

3. I would request permission
to carry out the work at once as nothing more
remains to be done to complete the internal
arrangements of the building.

I have the honor to be
Sir
Your Most Obedient Servant
Henry Irwin
Consulting Architect
to Government.
