G.O., dated 24th August 1894, No. 2044, Judicial.

ABSTRACT.—Enquiring of the Accountant-General whether he is of opinion that a proposition statement is necessary when an establishment is menial in character, non-pensionable and liable to discharge at any moment without compensation.

READ—also the following paper:—

From R. MORRIS, Esq., Officiating Accountant-General, to the Chief Secretary to Government, dated Fort St. George, 5th September 1894, No. 2682.

With reference to G.O., No. 2044, dated the 24th August 1894, I have the honour to state that, as the object of a proposition statement is to explain clearly the financial effect of every change in every establishment, whether temporary or permanent, it is necessary also in the case of an establishment that is menial and non-pensionable and liable to discharge at any time without compensation.

ORDER—dated 14th September 1894, No. 2243, Judicial.

Communicated to all Departments of the Secretariat, to all Heads of Departments under the Chief Secretary, and to the Honorable the Judges of the High Court.

Letter from the Revd J. Harrison, to the Superintending Engineer, II Circle, dated Bezwada 3 September 1894.

In the compound of the Ancient Office are lying two stones that must at some time have formed part of a mantapam.

They would exactly suit me as pillars for a side aisle in a church I am building at Mustabad, and therefore, I have the honor to beg that you would allow me to use them for that purpose. By making pedestals & capitals to suit, the arrangement would be very nice, and this would be a good method of bringing them again into use. If, therefore, you could kindly comply with this request, I should be very much obliged.

Forwarded to the Chief Engineer, P.W.D with a request that the Reverend J. Harrison may be allowed to have the pillars free of charge, as they are of no use to the D.P.W., and there is nothing about them of sufficient interest to justify their being placed in a museum.
