From Major R. T. LAWLEY, Military Secretary to the Right Honorable the Governor, to the Chief Engineer, Public Works Department, dated Guindy, 27th December 1893, No. 275.

I have the honour to forward herewith plans and estimate, amounting to Rs. 6,600, for constructing quarters with out-houses for bandsmen at Government House, Ootacamund, and to request that the sanction of Government may be obtained to the estimate.

Note by the Chief Engineer, Public Works Department.

The Chief Engineer considers that as the width of the main room is only 12 feet, it is unnecessary to carry the roof on trusses and purlins as provided for. Purlins alone will suffice. The plan and estimate have been corrected accordingly. The total cost of the estimate, however, remains unaltered, a mistake having been made in the estimate of quantities in regard to the verandah purlins.

REMARKS.

This estimate has been revised with
reference to C.O. No. 2561 in dated 10th Oct.
1893 & provides accommodation for
two head bandmen on the station:
1st class for Class A servants
at hill stations at Odisanm.

The area of accommodation now
proposed for each bandman is as
follows:

one main room	16' x 12'
two verandah rooms	16' x 10'
verandah bath room	12' x 10'
	10' x 10'

& a front verandah 9' 9" wide to
be fitted with a cook house 20' x 12' &
a latrine with two compartments
each 6' x 6" common to both.

The roof of the main rooms is
proposed to be carried on trusses &

purlins, as the width of the
rooms is only 12 feet. It is con-
sidered that the roof may be
carried on purlins only, as
shown in plan on plan which
appears to be a weaker roof
& less costly
