2. The subjoined statement shows the allotments including transfers for each district for the year, the expenditure therefrom on new works and repairs, and the percentage of actual expenditure to the allotment :—

There was short expenditure in the districts of Ganjám, Gódávari, Kistna, South Arcot, Madura and South Canara. In Ganjám it was due to the expenditure in the year of such portion only as was necessary of the allotment for the Casuarina plantation at Baruva. In Kistna the grant of Rs. 2,500 for the construction of a pinnace was not utilised for that purpose as no contractor was willing to undertake the work for the amount of the estimate. A portion of it, however, was utilised for other works. In South Arcot five works estimated to cost Rs. 1,040 were not carried out as no contractors could be found to undertake them. In the same district repairs estimated at Rs. 60 were not required as the building was sold, not being required for the Land Customs Department. In Madura two works for which a sum of Rs. 86 was provided in the budget of 1893–94 were completed within the previous year. The Collector of South Canara states that a sum of Rs. 70 was saved by the economical execution of certain works. A sum of Rs. 97 out of the allotment entered for repairs to the Sea Customs office at Mangalore remained unutilised. The Collector has called upon the Sea Customs Superintendent of the port to state why it lapsed. The Collector of Gódávari has not explained the short expenditure in his district; he will be requested to do so.
