NOTE BY TECHNICAL SECTION.

Name of work. Adding an upper floor to
the Govt. Training School at Coimbatore.

Amount of Estimate Rs. 5080

This estimate has been framed
with reference to G.O. W. 1969 W
dated 8th July 1892 & provides for
adding an upper story to the Govt.
Training School for masters at
Coimbatore.

The proposal is to dismantle
the gabled timber roof over the ex-
isting central main rooms &
to raise the walls to a height of
13'9" above the level of the tie beams
and replace the tiled roof, so as
to form the upper story.

The floor of the upper rooms
which will be boarded is to be
supported on steel joists of a
section 15" x 6" weighing 61 lbs per
foot & placed about 10 feet apart
from centre to centre. These steel
joists are to carry timbered joists
3" x 5" placed 10" apart from centre

center to center & teak planking above.

Provision has been made for removing the semicircular glazed ventilators in the existing gables of the ground floor & fixing them in the gables of the proposed upper floor. A wooden stair case 4 1/2 feet wide has also been provided for to give access to the proposed upper floor.

The rates are fair.

The amount of the estimate has been slightly reduced owing to an error in calculation, in the item of teakwood.

The plans & estimate have been countersigned by the Secy of Public Instruction & approved in the Educational Dept. with the remark that the work should not be proceeded with until the building is formally transferred to Govt.

The existing building belongs to the Dist. Board Coimbatore.
