Form of Civil Estimates.

Directing that the various departmental estimates of this Presidency be recast in the form supplied by the Government of India, and that the new forms be in future adopted by heads of departments in submitting their budgets.

3. In the latter, each of the columns of estimates and accounts under *expenditure* heads is divided into two, thus providing eight money columns. In like manner eight columns should be opened in the Madras estimates instead of four as hitherto and the details of such minor heads as admit of them should be shown in detailed accounts marked in alphabetical order immediately below the abstract under each major head. And the headings *Salaries, Establishment, Allowances, Supplies and Services and Contingencies* should be transferred from the body of the estimates to the left-hand margin.

4. What I have stated is all that is required as regards the *form*. But the following additional information will be necessary for consolidation of the estimates:—

Receipts.—Details are required of *ordinary Revenue* under I. *Land Revenue*, of *Sales of Gazettes and other Publications* under XXIII. *Stationery and Printing*, and of *Receipts in charge of Civil Officers* under XXXII. *Civil Works*.

5. In the *Miscellaneous* estimate to be submitted by this office, details against *Miscellaneous* under XII. *Interest, of Contributions* under XXII. *Receipts in aid of Superannuation, &c.*, and of *Miscellaneous Fees, Fines and Forfeitures* under XXV. *Miscellaneous* will be given. The details required under XVII. *Police, Presidency Police* and under XIX. *Education, Miscellaneous* are already given in the Departmental estimates and can be adopted in my estimates.

6. *Expenditure*.—(1) Greater details are required under ministerial establishments. Heads of Departments may be asked to give the scale of pay in force in detail.

(2) Servants have to be classified according to the rates of their pay and their designation given whenever necessary.

(3) Under 9, *Customs*, Presidency charges have to be given under each department, such as Import, Export, Account, &c., Departments.

(4) Under 10, *Assessed Taxes*, Presidency and District charges have to be separately estimated for.

(5) The Madrasa-i-Azam should be given in detail separately under *Schools and Education*.

(6) Under 24, *Medical Hospitals and Dispensaries*, details should be given for each hospital and for grants to hospitals and dispensaries.

(7) Details should be furnished for *Provincial Statistics* under 26, *Scientific and other Minor Departments*.

(8) Details of *Jail Press* charges and of *Collectorate Press* establishments should be given.

(9) Full details of the charges relating to *Civil Works in charge of Civil Officers* are required under 45, *Civil Works*.

7. I shall communicate the necessary additions to be made to the Special Funds estimates to the Board of Revenue, and also issue forms to the Presidents of District Boards for the entry of figures for 1895-96 under the appropriate heads.

ORDER—dated 2nd October 1894, No. 802, Financial.

The various departmental estimates of this Presidency will be recast in the form now supplied by the Government of India, and reprinted in accordance with the arrangements approved in G.O., dated 22nd September 1894, No. 775, Financial.

2. In submitting their budgets for future years, heads of departments should adopt the new forms, which will be communicated to them in due course.

3. Departments and heads of departments will arrange to furnish the Accountant-General with the additional information specified in paragraphs 4 to 6 of his letter read above.

4. Such further details as the Government may require to be embodied in the Civil Estimates will be inserted by the departments of the Secretariat in the proofs passed by them, before the forms are finally struck off.

5. The Accountant-General will take the necessary steps to amplify and complete the entries under *Local*, which are very imperfect at present.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following papers:—

From H. J. McINTOSH, Esq., Officiating Under-Secretary to the Government of India, Finance and Commerce Department, to the Chief Secretary to the Government of Madras, dated Simla, 11th September 1894, No. 4545-A.

I am directed to request the attention of the Government of Madras to the form (copy enclosed) in which the Civil Estimates for the province of Bengal have been drawn up for 1894-95.

2. This form is believed to be better and more clearly arranged than the form of last year, and it contains a large amount of detail.

3. The object sought in this experiment has been to include in these Civil Estimates all the information which is required both for administrative and for financial purposes by Local Governments, and to avoid imposing upon them the necessity (which has been felt in some cases at least) of having separate forms of their own in addition to those printed by the Comptroller-General in Calcutta.

4. The forms for the preparation of the estimates for the province of Madras for next year, which are supplied to the Accountant-General by the Comptroller General, have been drawn up on this model; and I am to say that the Accountant-General will be directed to place himself in communication with your Government so that he may, in compiling the estimates of the Local Government for submission to the Government of India, embody in them, while following this general arrangement, all the information and detail which your Government deems to be necessary for its purposes.

5. The present form is a little deficient in cross-referencing, but an improvement will be made in this respect in future issues.

Copy forwarded to the Comptroller and Auditor General and to all Accountants-General and Comptrollers.

From R. MORRIS, Esq., Officiating Accountant-General to the Government of Madras, to the Chief Secretary to Government, dated 25th September 1894, No. 2912.

With reference to paragraph 4 of Government of India letter, No. 4545-A, dated the 11th of September 1894, I have the honour to submit the following for the information and the early orders of Government.

2. It seems to me that very little more information than that directed to be given by G.O., Financial, No. 558, dated the 19th July 1894, is required in the departmental estimates to enable this office to cast the civil consolidated estimates of this Presidency in the form of the Bengal estimates.
