PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

From the Registrar of the High Court of Judicature, Appellate Side, Madras, dated 8th January 1894 N^o. 5.

In his letter dated 7th December 1893 N^o. 111 (Copy of which accompanies) the District Judge of South Canara reports that the Court-house of the District Munsif of Mundapur is in urgent need of repairs and requests that the Government may be moved to issue orders to the Public Works Department for the preparation of plans and estimates, and for the prompt execution of the work when sanctioned and I am accordingly directed to request that His Excellency the Governor in Council will be pleased to issue early orders on the subject.

Order 23^d January 1894 N^o. 151.

The necessary orders for the early preparation of plans and estimates will

Honorable the Chief Justice

267
Copy of Letter from the District Judge
South Canara, dated 7th December 1893 No. 111
to the Registrar of the High Court of Judicature,
Appellate Side, Madras.

I have the honor to inform you that
on the Munsif of Kundapore reporting that
certain repairs were required to the roof
his Court which were likely to cost more
than Rs. 1000, I addressed the officer in ch.
of the Sub Division, D. P. W., South Canara,
and was informed by him that under G.O.
No. 2006 W
7-10-92 the sanction of Government was
required before his Department could furnish
an estimate for works costing over Rs. 500, and
that such sanction should be applied for
by the Department concerned. I accordingly
request that the sanction of Government may
be obtained for the Public Works Department
preparing the necessary estimate for the repairs of
the Munsif's Court-house at Kundapore and
for carrying out the work.

2. I was at Kundapore on the 5th
instant, and found that the roof leaked in
many places, and that the bamboo ceiling
matting and in some places the wood work
appeared rotten. The Munsif proposed that
the bamboo ceiling matting should be
replaced by planking, and I think that
should be done throughout the building.
The tiles are, however, of an old and inferior

pattern, and unless tiles of an improved pattern are used, it may be that it might be considered unadvisable to go to the expense of putting up a wooden ceiling. This, however, is a question for the officers of the Public Works Department.

old tiles could of course be sold. In any case the tiles should be very carefully reset so as to make the roof as water tight as the nature of the tiles will permit. The wood work of the Court requires tarring, wood oiling or painting throughout. The asphalt floor is broken up in many places and should be renewed. The building altogether requires extensive repairs.

3. The repairs are for the most part necessary for the preservation of the building, and it is most important that they should be undertaken at once, so that they may be completed before the next monsoon. I therefore request that the necessary sanction of Government may be obtained at a very early date.
