GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Civil Works.

READ—the following papers:—

Proceedings of the Board of Revenue (Land Revenue), dated 27th September 1894, Mis. No. 5433.

Read—the following letter from G. F. T. POWER, Esq., Acting Collector and District Magistrate, North Arcot, to the Secretary to the Commissioners of Land Revenue, dated Chittoor, 6th August 1894, Ref. on No. 3662—Gl.-Eng.

As directed in Board's Proceedings, No. 149, dated 29th March 1893, a list of works costing more than Rs. 500 to be executed by the agency of the Public Works Department was submitted to the Board on the 1st September 1893. Of the works included in the list, those noted in the margin are now found entered under class B in the budget estimate for civil buildings circulated with Board's Proceedings, No. 215, dated 25th May 1894, with the remark that "sanction to estimate is awaited." The Executive Engineer who was asked to prepare plans and estimates for these works now requests me to obtain the sanction of Government for the same. I have the honor therefore to request that the Board will be pleased to obtain the requisite sanction. In this connection I beg to solicit the favour of Board's instructions whether the sanction of Government has to be obtained by the Revenue Department for all works included in the list submitted to the Board annually with reference to the Board's Proceedings mentioned above.

Item No.	Works.	Rs.
41	Providing a verandah with tiled-roof to the record room at Póláru Taluk office	550
42	Extending the record room of the Deputy Tahsildar's office at Arni	1,225

Reference thereon, dated 11th August 1894.

Before submitting the Collector's proposal for the orders of Government, the Board desires to have information as to the necessity for the works referred to by him.

2. With reference to the inquiry in the concluding portion of his letter, the Collector is informed that every work should be specially reported on in view to the sanction of Government being obtained to its execution, and that its inclusion in the annual list of works to be executed is not sufficient.

Read—also the following letter from G. F. T. POWER, Esq., Acting Collector and District Magistrate, North Arcot, to the Secretary to the Commissioners of Land Revenue, dated Chittoor, 21st September 1894, Ref. on No. 3941—Gl.-Eng.

Referring to the Board's Reference on General Register No. 1305, dated 11th August 1894, I have the honour to state that the record room at Póláru Taluk office is, at present, exposed to wind and rain during the rainy season through its windows. A verandah with tiled roof is, therefore, considered absolutely necessary for the protection of the records.

2. Regarding the extension of the record room of the Deputy Tahsildar's office at Arni, I beg to state that the room which measures 14½ feet by 13¼ feet is not big enough and that, in consequence, some of the record bundles are secured in other rooms to the inconvenience of the office establishment. The proposed extension is, therefore, necessary.

Resolution—dated 27th September 1894, Mis. No. 5433.

Submitted to Government with the request that orders may be issued in the Public Works Department for the preparation of plans and estimates for the works referred to.
