PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following paper :—

From the Accountant General Madras
dy 27th September 1894, No: 2943.

With reference to Memorandum No: 1907 dated the 20th Instant, Financial, suggesting that if the net amount of Hill allowance is drawn in the bills after deducting house rent, there would be no need for any adjustment with the Public Works Depart-ment, I have the honor to observe that even though the bills were drawn up as proposed by the Govern-ment, an adjustment to the credit of Public Works Department of the amounts deducted from gross salary would still have to be made in my books by taking the gross amount due to the clerks against the service head concerned and crediting the amount of house-rent to Public Works Department in my Exchange Accounts with that Department. The entry in the bills of only the net amount due to the clerks would be liable to give rise to errors in making this adjustment. No mistake could be made by my office if the gross salary due were shown in the first money column and the house-rent
