CHIEF SECRETARIAT MADRAS.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following paper:—

From the Commissioner of Police, Madras, dated 3rd October 1894, No. 112.

I have the honour to inform you that on 10th July 1894 I requested the Consulting Architect to cause an inspection to be made of the Justices Jail, Davidson Street Black Town, with a view to the ventilation of the cells upstairs being improved. He informs me that the cost of the necessary improvements will exceed Rs. 500/- and that the sanction of Government is necessary.

2. The long cell on the North side is sufficiently ventilated but this is not the case with any of the others. The windows facing the yard should be enlarged and iron barred doors substituted for the present solid wooden ones. Windows might be opened in the outerwall but this must be done at sufficient height from the ground to prevent prisoners from annoying worshippers in the Church next door. It might be possible to open ventilators in the roof.

3. There is not at present a through current of air through the Latrine: this would be secured or at least the place would be rendered more sanitary by removing the wooden door between the Latrine and the garden and substituting iron bars.
