GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers :—

From J. H. MEDLICOTT, Esq., Executive Engineer, Madura Division, to the Superintending Engineer, VI Circle, dated 3rd August 1894, No. 303 S.E.

With reference to the marginal extract from the Examiner's audit note on the accounts of this division for March 1894, 2nd supplemental, I have the honour to request the favour of your obtaining the necessary orders of Government for transfer of the Port officer's bungalow at Pámban from the Public Works Department register of buildings as indicated therein.

2. It is not traceable from what funds the building was originally constructed.

Para. 2.—With reference to the corrections advised in the statement of corrections (Form No. 56), please note that the rent of the Port officer's bungalow, Pámban, although borne on the return of buildings 32 Y under "Provincial," has always been recovered and credited to "Excluded Local (Port) Fund" in the Civil Accounts. If the building was constructed from Port Funds, orders of Government might be obtained to transfer the custody of the building to the Civil or Marine authorities.

—

No. 594 N.D.

Copy forwarded to the Chief Engineer, Public Works Department, through the Examiner of Public Works Accounts for orders.

2. The existing building is borne in the register of public buildings, Madura division, as No. 10 under Provincial in Ramnad zemindari.

3. An estimate of Rs. 6,400 for constructing a new building for the Port officer at Pámban has been sanctioned in G.O., No. 625 W., dated 6th March 1894, under "Excluded Local (Port) Fund" and the work is in progress.

TRICHINOPOLY,
9th August 1894.

(Signed) O. V. BODDY, Major, R.E.,
Superintending Engineer, VI Circle.

—

No. 3383 D./A.

Forwarded.

2. As the building was apparently constructed from Excluded Local (Port) Funds and as the rents realized are adjusted in the Civil Department to the credit of those funds, there seems to be no reason why the building should remain on the Executive Engineer's return of buildings rented and available for rent and the Executive Engineer be held responsible for recovery of the rent.

(Signed) I. S. SHERLOCK-HUBBARD,
Examiner of Public Works Accounts.

14th August 1894.

From Commander W. J. POWELL, R.I.M., Presidency Port Officer, Madras, to the Chief Secretary to Government, dated Madras, 4th September 1894, No. 137-335 G.

In reply to Marine Department endorsement No. 1687, dated 23rd August 1894 (herewith returned), I have the honour to state that for rent recovery purposes there is no objection to the Port officer's bungalow at Pámban being transferred to the Port Department, but it is presumed that the Public Works Department will, as hitherto, maintain the building in repair as the Port officer will be unable to undertake that work.

No. 1855, Marine.

Transferred to the Public Works Department and the referred papers returned.

Ootacamund,
14th September 1894.

(Signed) J. F. PRICE,
Chief Secretary.

Office-note from the Examiner, Public Works Accounts, dated Madras, 5th October 1894, No. 4037 D./B.

The Executive Engineer is so far responsible for the recovery of rents that he has to fill up Form No. 44-B monthly and send it to the Treasury officer for recovery; but the amounts recovered are not credited to this department, so that the revenue does not appear in the Public Works Accounts and no charge is therefore made for the collection.

2. If the building is to be maintained by the Public Works Department, it should be brought on the register of buildings prescribed in Code Volume I, chapter VII, paragraph 73, but I would remark that it hardly seems necessary, under the circumstances, that the building should be brought on the return of buildings rented and available for rent, or that the Executive Engineer should remain responsible for the recovery of rents.

Order—dated 24th October 1894, No. 2721 W., Public Works.

For purposes of rent recovery, the Port officer's quarters at Pámban will be transferred to the Marine Department.

2. The building will, however, be retained on the register of buildings prescribed in paragraph 73, chapter VII, Volume I, Public Works Code, and repairs will be carried out by the Public Works Department.

OFFICE NOTE.

Endorsement in Marine Dept. No. 1855 d/ 14.9.94 on letter from the Presy Port offr. No. 137/335 d/ 14.9.94.

From

W

To

C 22/

For favor of remarks.

2. If, as suggested by the Presidency Port officer, the building is to be maintained by the P.W. Dept., it should apparently continue to appear on the Register of this Department.

3. The suggestion

in para: 2 of your office note No. 3382 D/A dated 14 Aug: 94 also seems to require re-consideration. There is apparently no reason why the Executive Engineer should not collect the rent under the conditions laid down in para 147. i. Chapter IV Vol. II of the P.W. Code - 5 per cent on the revenue realised being charged to Port funds for the duty.
