G.O., dated 29th November 1893, No. 2500, Judicial.

Read—the following letter from the Inspector-General of Police, dated 6th November 1893, No. 6431:—

I have the honour to submit for sanction the Public Works Department plans and estimates, amounting to Rs. 19,400, for the construction of 9 head and 48 constables' huts for the Reserve Police at Madura.

2. Forty-five old buildings were transferred to this department when the Military force was withdrawn in 1860 and they having deteriorated 48 huts have been departmentally constructed since 1882. Nine head and 48 constables' huts are still required to accommodate the Reserve Police, the strength of which is 105 men.

3. This work has been approved of by Government in G.O., No. 698, J.D., dated 4th April 1893, and an appropriation of Rs. 16,250 has been made for it in the Public Works Department budget for the current year.

4. In my letter recorded in the above order, the number of huts required is stated as 65, calculated at two huts for each head constable or 18 for 9 head constables *plus* 47 constables' huts. Subsequently, the Superintendent proposed an additional hut for an armourer. The estimate submitted herewith therefore provides for 9 head constables' huts of the dimensions sanctioned in G.O., R. No. 938, J.D., dated 23rd August 1893, and 48 constables' huts. The original estimate amounted to Rs. 23,000, and it was subsequently reduced to the present figure Rs. 19,400 as explained in the special report accompanying the estimate.

Order—dated 29th November 1893, No. 2500, Judicial.

The plans and estimates, amounting to Rs. 19,400, for the construction of 9 head and 48 constables' huts for the Reserve Police at Madura are approved and will be transferred to the Public Works Department. The cost per hut for constables and head constables should be shown separately in such cases.
