6th November 1894, No. 2814 W., Public Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following papers :—

G.O., dated 13th August 1894, Mis. No. 3177, Revenue.

Read—the following Proceedings of the Board of Revenue (Land Revenue), dated 27th July 1894, Mis. No. 4131 :—

Read—the following letter from H. BRADLEY, Esq., Acting Collector of Malabar, to the Secretary to the Commissioners of Land Revenue, dated 18th July 1894, No. 1049 P-Gl. :—

With reference to the Board's Proceedings, dated 17th January 1894, Mis. No. 233, I have the honour to forward herewith for sanction revised plans and estimates for constructing Deputy Tahsildars' cutcherries at Anjengo and Tangasséri and to request that Government may be moved to issue orders for the execution of the works when funds are available.

2. A copy of the Superintending Engineer's letter and a list of plans, &c., submitted herewith are enclosed.

Resolution—dated 27th July 1894, Mis. No. 4131.

The revised plans and estimates for constructing Deputy Tahsildars' cutcherries at Anjengo and Tangasséri received with the letter read above are submitted for the sanction of Government and for provision of funds in the Public Works Department with reference to G.O., dated 9th January 1894, No. 19.

(True Copy and Extract.)

(Signed) L. M. WYNCH,
Secretary.

Order—dated 13th August 1894, Mis. No. 3177, Revenue.

The revised plans and estimates are approved and will be transferred to the Public Works Department.

(True Extract.)

(Signed) R. C. C. CARR,
Under Secretary to Govt.

Note by the Chief Engineer, Public Works Department.

In the estimates for the Deputy Tahsildars' offices at Anjengo and Tangasséri in the Malabar district, no provision has been made for record racks with movable wooden ladders.

2. The latrines provided for the two offices are not in accordance with the revised design issued with G.O., No. 1709 W., dated 9th July 1894. The provision made for them has therefore been expunged and the estimates reduced as shown below :—

	RS.
Deputy Tahsildar's office at Anjengo	13,830
Do. at Tangasséri	13,420

3. Supplemental estimates providing for latrines based on the revised design and for record racks should be submitted.

(Signed) J. PENNYCUICK, Colonel, R.E.,
Chief Engineer, P.W.D.

1st November 1894.

ORDER—dated 6th November 1894, No. 2814 W., Public Works.

The estimates, amounting to Rs. 13,830 and Rs. 13,420, as reduced by the Chief Engineer, Public Works Department, for constructing Deputy Tahsildars' offices at Anjengo and Tangasséri, respectively, in the Malabar district, are sanctioned.

2. The supplemental estimates called for by the Chief Engineer are awaited.

3. There is a budget grant of Rs. 10,000 for each of the offices.

4. This sanction has been registered as Provincial Nos. 60 W. and 61 W. of 1894-95 and classified as Civil Buildings, Original Works.

E.W.

Wr dt 6th November 189

Public Works Department.

Current No. 6203

Letter No. 3177

Dated 13th August 1894.

From the Revenue Dept.

NOTE BY TECHNICAL SECTION.

Name of work Constructing Deputy Tahsildar's Offices at Anjengo & Tangacheri in the Malabar District.

Amount of Estimates Rs 27,930

The plans & estimates under review have been framed with reference to G.O. No. 139 W dated 17th Jany. 1894 and provide for constructing Deputy Tah:sildars' offices with outhouses at Anjengo & Tangacheri in the Malabar District.

The amount of the estimate is divided as follows:-

"Office at Anjengo":-

Office	Rs	13,360
Cook house	"	470
Latrine	"	340
Total	Rs	14,170

"Office at Tangacheri".

Office	Rs	12,690
Cook house	"	470
Latrine	"	340
Compensation for land		260
Total	Rs	13,760

The designs have been based on the type design for 2nd Class Taluq offices circulated with G.O. 3122 W dated 20th Novr. 1891 with certain modifications of Revenue.

The modifications from the type design in each case are as follows:-

(a) The length of the record room has been increased from 26' to 31'6" inner dimensions.

(b) The Sub Jail wards in rear as provided in the type design have been omitted.

(c) The Police guard room & record room have been altered so as to provide accommodation for male & female prisoners & the police, thus, male & female wards each 16'0" x 8'6" & the police room 16'0" x 11'6".

(d) Registration room has been substituted for property room & Property room for Inspr's room.

(e) The side verandahs have been extended to the end of the building & verandahs provided in court yard on 3 sides, as per plan.

(f) a Compound wall has been provided at end of Court yard between the record room & female ward.

The walls of both the buildings are to be raised over a basement of 2 ft. & built of laterite stone in chunam with flat archwork over doors and windows & plastered throughout with 2 coats of chunam, both interior & exterior, except the outer faces of gables & plinth which are to be plastered with ½" Portland cement. The roof is to be tiled with Mangalore pattern tiles over teak reapers trusses &c. and ceiled with ½" cedar wood planks. The floor is to be of 8" square bricks laid over a bed of concrete 4" thick & pointed with Portland cement

Doors & windows are to be of teakwood of the descriptions noted in the estimate and painted with 3 coats of Charltons Silicate paint.

The nature of surface & sub soil at Anjengo is stated to be sandy to a depth of 14 feet & that at Tangacheri dark sandy soil to a depth of 2 feet & hard laterite to a depth of 10'6" from ground surface, as per sections of trial pits submitted.

The foundations for the Anjengo office are to be laid to a depth of 6 feet & that at Tangacheri 4'6" with concrete throughout to ground level.

The scantlings for roof timber of both the offices are correct.

The rates are fair except for woodceiling which is slightly in excess, viz. Rs 2-8-.. against Rs 2-12-.. per square, if schedule rate be adopted, the saving on each estimate will be Rs 30 only.

The plinth area of the buildings exclusive of Court yards & steps in each case, is 5044 Sqft & the Cost per Sqft will be as follows.

at Anjengo —— Rs 2-10-5.
at Tangacheri — Rs 2-8-3.

No provision has been made in the

the estimates for record racks & wooden movable ladders & under para 2, Chap XI of the P.W. Code, a supplemental estimate may be called these items

Yes

The latrines are based on the design approved in G.O. No. 1409 W dated 28th May 1889 and as this design appears to have been superseded by the one circulated with G.O. No. 1709 W dated 9th July 1894 for sub-jails, it is thought that the provision of latrines in the estimates may be omitted & supplemental estimates called for based on the revised design.

The plans & estimates have been countersigned by the Collector & approved in the Rev. Dept.

22.X.94

Latrine as revised by G.O. No. 1709 W
dated 9th July 1894 does not seem suitable.
It does not provide separate accommodation for males & females. However
it has been adopted & must I suppose
be substituted for that provided in this
estimate. The SE might include it
in supplemental estimate with the
record racks

Sanction & draw attention to the above.
