My dear Sir,

I have ~~got~~ P. W. Secy's
Letter N^o 763 D dated the
14th August last for Ironwork
for drain sluices for Penang
before me, and the work is
let to Messrs Head Wrightson
for immediate execution.

I should have liked to
alter a good deal of it, but
Col. Pennington

Penang Malacca. }

I have not done so because
I was afraid I might do
more harm than good.
I only hope that the castings
will reach you undamaged.
We will do our best with
the packing, but the
castings are of such a
nature that I doubt if
any kind of packing
will save them. There
are no feathers or
stiffening flanges and
there certainly ought to

be. But I have not dared
to put them in.

I am

Yours truly
