

No. 1698NS

Superintending Engineer's Office,

Bezwada

II CIRCLE,

Dated 25 October 1894.

From,

Major W. L. C. Baddley Esquire, R. E.

Superintending Engineer,

II Circle.

To,

The Chief Engineer,
P. W. Department
Madras.

Sir,

In reference to your
No. 3243 le of 20th October 1894,
I have the honor to inform you
that owing to the want of telegraphic
communication between Bezwada
and the Coartaram Sub D^y, there
is always a serious risk when water
is raised in the Main Canal at
Bezwada, especially if heavy
rain falls, at the same time in
the Sub D^y, as it may take some
days before the information reaches
the Sub D^y Officers and can be
acted upon.

2. A breach that occurred
this

this year on Ryres' Canal was
in my opinion due to the want
of telegraphic communication.
Reconsidering the interests at stake,
I hope the Director-General of
Telegraphs will alter his decision
printed with G. O. N.º 2140 U.
of 29th August 1894, not to open
a telegraph office at Gudimada
this year.

3. In this Office N.º 1629 K.S. 3243C920.10.91
d/17th Instant, I recommended
that Government should contribute
towards the cost of the office
at Pamarru as there appears
no probability of its being established
without assistance; and as the
office at Gudimada is merely
delayed for want of funds, I
think it necessary to point out
that an office at either Gudimada
or Pamarru may cause a serious
loss of revenue.

I have the honor to be

Sir

Yours most obediently

W. B. Baddley

Major R. B.
B. 2576. Sup. & Major, II C. B. Co.

With reference to
your letter N-5080 dated
15th August 1894, I am
directed to forward a
copy of a letter from
the Superintending Engi-
-neer II Circle N-1698 K.S.
of 25th October 1894,
representing the urgent
need that exists for a
telegraph

telegraph office at
Gudivada, in the Krishna
District, and to request
that you will be good
enough to cause an
office to be opened at
that station as soon
as funds are available.

2. Gudivada is in-
cluded in Dist B
attached to your letter
above quoted.
