SIR,

I have the honor to submit the following case for your orders.

2. In consequence of the death of a clerk IV class 3rd Grade on 25th June 1894 certain appointments were made by the Es Engineer Godanari Eastern Division on the 19th July 94.

3. The Es Engineer could not conveniently allow the Clerks concerned to join their new appointments on the occurrence of the vacancy, but subject to approval allowed them to draw the pay of their new appts from that date -

4. Two questions arise for decision -

(1) Under the new Examination Rules could the Clerks be appointed after 1st July to vacancies which existed before that date.

(2) Supposing the appointments to hold good can the Clerks draw increased pay before entering upon their new duties.

I have the honor to be,

Sir,

which the Executive

not allow the clerks
to join their new
appointments until
19th July?

Endorsement of the Public Works Department dated 10th October 1894, No: 3055C on letter from the Superintending Engineer, First-leviote of 25th September 1894, No: 1234 G.O.

Order of 30th October 1894, No: 829.

The appointment of the Storekeeper to be clerk on Rs 20-30 was regular, but, strictly speaking, the men appointed to the post of Storekeeper and the post of temporary clerk on Rs 15 were not duly qualified for those appointments. Under the circumstances, however, the arrangements are sanctioned and the two men will be regarded as having been exempted from the Examination rules.
