Superintending Engineer's Office.

No. 1630 MS.

Berwada
II CIRCLE,
Dated 17 October 1894.

From,
Major W. D. C. Baddley Esquire, R. E. P.
Superintending Engineer,
II Circle.

To,
The Chief Engineer,
P.W. Department,
Madras.

two Sir,
Enclosure ~~one~~

I have the honor to inform
you that in 1890, the Berwada Club
was permitted to occupy certain
Government land on rent, on the
understanding that the land should
be vacated at 2 months notice and
the building thereon removed.

2. The club erected a house on the
site of the old quarters of the Executive
Engineer, District Eastern Division,
and the members now wish to
remove the club to Buckinghampett
where a new club house is being
built.

3. From the enclosed copies of
correspondence, it will be seen that
the

the Committee of the Club wish to dispose of the present club house and I accordingly place the following facts before you for the favour of your obtaining the orders of Government thereon.

4. The office of the Krishna Northern D. is held in the old ancient office, a very mean building, with an open Court in the middle, badly lighted and altogether unsuitable for the office of an Executive Engineer.

The Club house is much more suitable for an office, I estimate its value at Rs 2,000 and the necessary alterations & repairs at Rs 1,000; its position is very suitable, while that of the present office, which apparently was formerly an ordinary native dwelling house is very unsuitable, being in the centre of the busiest part of the Bezawada bazaar.

5. As regards the old Ancient Office, I would recommend its sale, as it is unsuitable for any Government purpose, it would I think, realize a fair price, if the sale is not forced.

6. In conclusion, I beg to recommend

(a) That the Bezawada Club house

and

and attached buildings be purchased by Government for Rs. 2,000

(b) That the Krishna Northern D. Office be removed to the above named building after the necessary repairs and alterations have been carried out.

(c) That the old Ancient Office be sold by auction with a reserve to be based on the price of similar buildings in the same locality.

I have the honour to be,

Sir

Your most obedt Servant,

W. B. Baddley Major R.E.

Supg Engineer, P. & F. Ind.

Civil Works.

READ—the following papers:—

From Major W. L. C. BADDELEY, R.E., Superintending Engineer, II Circle,
to the Chief Engineer, Public Works Department, dated Bezwada, 17th
October 1894, No. 1630 K.S.

I have the honour to inform you that in 1890 the Bezwada club was permitted
to occupy certain Government land on rent on the understanding that the land should
be vacated at two months' notice and the building thereon removed.

2. The club erected a house on the site of the old quarters of the Executive
Engineer, Kistna Eastern Division, and the members now wish to remove the club to
Kinghampett where a new club house is being built.

3. From the enclosed copies of correspondence it will be seen that the committee
of the club wish to dispose of the present club house, and I accordingly place the
following facts before you for the favour of your obtaining the orders of Government
thereon.

4. The office of the Kistna Northern Division is held in the old anicut office, a
mean building with an open court in the middle, badly lighted and altogether
unsuitable for the office of an Executive Engineer.

The club house is much more suitable for an office. I estimate its value at
Rs. 2,000 and the necessary alterations and repairs at Rs. 1,000; its position is very
suitable, while that of the present office, which apparently was formerly an ordi-
nary native dwelling house, is very unsuitable, being in the centre of the busiest part
of the Bezwada bazaar.

5. As regards the old anicut office, I would recommend its sale as it is unsuit-
able for any Government purpose; it would, I think, realize a fair price if the sale
is not forced.

6. In conclusion, I beg to recommend—

(a) that the Bezwada club house and attached buildings be purchased by
Government for Rs. 2,000;

(b) that the Kistna Northern Division office be removed to the above-named
building after the necessary repairs and alterations have been carried out.

(c) that the old anicut office be sold by auction with a reserve to be based on
the price of similar buildings in the same locality.

Office note from the Chief Engineer for Irrigation, dated 29th October 1894,
No. 282.

I see no objection to the Superintending Engineer's proposals.

ORDER—dated 15th November 1894, No. 2926 W., Public Works.

The proposals of the Superintending Engineer are sanctioned, and a sum of Rs. 2,500 is allotted from the Provincial reserve. The balance required, viz., Rupees 500, will be provided as soon as funds become available.
