NOTES.

EXAMINER
19 JAN 1894

P. W. D. Form,
No. M 184.

Reference to Madras P. W. D. Code, Edition of 1886.

Paras. 25 & 26.

1. The column headed "present scale" should invariably show the *sanctioned scale for the time being* and not the strength of the actual (whether above or below sanctioned) establishment as it happens to stand at the time. The "present scale" should be verified by the examiner before the proposal is submitted to government for sanction (paras. 25 and 26).

2. In the column "average or fixed pay," financial value, not mean value, should be given.

3. The financial value should in the case of progressive appointments be calculated as follows:—

(1) If the period of rise from minimum to maximum is 5 years, the average will be the minimum *plus* two-thirds, or if the appointment is a ministerial one, *plus* three-fourths, of the difference between the minimum and maximum (C. S. R., Art. 164).

(2) If the period of growth exceeds five years (as in the case of accountants) the $\frac{2}{3}$th fraction should be decreased by $\frac{1}{60}$th of the difference for every year by which the period exceeds five; the fraction for periods in excess of five years will therefore be as follows:—

6 years = $\frac{2}{3} - \frac{1}{60} = \frac{44}{60}$
7 years = $\frac{2}{3} - \frac{2}{60} = \frac{43}{60}$
8 years = $\frac{2}{3} - \frac{3}{60} = \frac{42}{60}$

and so on; so that when the period of growth is 20 years the financial value will be the exact mean.

North Arcot Division office,
17th October 1893.

From,
H. E. Clerk, Esq.,
Executive Engineer,
North Arcot,

To,
The Superintending Engineer,
III Circle.

Sir,

With reference to para 4 of G.O. No. 2439/W dated 22nd September 1893, I have the honor to apply for an extra clerk for the Ranipet Sub Division office. I have myself held charge of the Sub Division in addition to my other works for more than two months and I have no hesitation in saying that the work in it is very heavy both for the Sub Division officer and his clerk.

The size of the charge necessitates constant touring on the part of the Sub division officer whose clerk has in consequence more work than if he (the S.D.O.) were for a considerable portion of his time at Head Quarters. The charge embraces two systems for which

I.E. C No.: 578

For orders.

In R.O. 2439 W d/ 22 Sep. 93 it was decided, after considerable discussion, that if additional help was needed in a Sub-divisional office, it should be provided from the office of some division. In the present case, the Ex. Engr. points out that the R. Anat sub-divisional office is only a 2nd class one, and that the Expenditure is very high on works - and that no clerk can therefore be spared for the Rampatti Sub-division.

~~The S.E. should, apparently, propose a transfer from some other division of the 4th Circle.~~

~~R.A.~~

26 Jan

In G.O. 2439. W. dy 22nd September 1893 it was decided after considerable discussion, that if additional help was needed in a Subdivisional Office, it should be provided from the office of some Division. In the present case the Executive Engineer points out that the North Arcot Divisional Office is only a 2nd class one, and that the Expenditure is very high on works and that no clerk can, therefore be spared for the Ranipet Subdivision.

A proposal was made that extra assistance should be given to

43—200—23-

that extra assistance should be given to some subordinate in which his work was reported to be too heavy for one clerk & other with but the Comm. had stated) the Board under a corresponding reduction was made in the P. Bill -

~~P.O.S~~
~~20 1/4~~

In this case Comm I think that the Executive Engineer's report which is supported by the Supdg Engr and the Chief Engineer, the latter of whom has full charge of the circle as Supdg Engr., recommends, and recommend that it be complied with

L 22.1

some subdivisions in which the work was reported to be too heavy for one clerk to cope with but the Hon: Mr Stokes negatived the proposal unless a corresponding reduction was made in the Divisional Offices.

In this case however I think that the Executive Engineer's request, which is supported by the Supts: Engineer and the Chief Engineer for Irrign, the latter of whom has held charge of the Circle as Supts: Engineer, is reasonable, and recommend that it be complied with.
