From J. D. Legg Esquire
Offg. Ex. Engineer, South coast Div.

To The Asstg. Engineer, R. Field,

Sir,
With reference to Chief Engineer's No 2858c of 11th August 1893 communicated with your No 457s.a of 18th Idem, I have the honor to bring to your notice that the period of two years for which the additional Sub. Overseer was sanctioned will expire on the 18th December next. The Experiment has proved beyond all doubt how necessary such an appointment is for the efficient working of the division. I have therefore to request that the appointment be confirmed as a permanent one, or at least that its continuance for a further period of two years be sanctioned.

2. In this Office No 134 of 11th February 1892, a strong case was made out for requiring the services of this additional subordinate. Circumstances are much the same now as they were then, and the necessity for the extra hand is just as pressing.

J. R. S. Estimates need revision, a great deal of work in the way of levelling and framing of new estimates devolves on the Villupuram Subordinate, which is a further reason for the continuance of the Sub-overship now asked for.

I have the
