Executive Engineer

Chief Superintending Engineer
IV Circle.

In January 1894, when Cholera was prevailing in this part of the district, the medicines noted below were indented for by the Sub Divisional Officer Rani-pet, and got from the Principal Medical store Keeper, Madras, for the use of the conservancy Establishment & their cost Rs 1-1-10, was debited to office contingencies, but the Examiner now says that it is inadmissible & that the cost should be recovered from the Sub Divisional Officer. These medicines were essentially necessary at the time. I have the honour to request that

that you will kindly obtain the
necessary sanction or authorize the
Examiners to admit the charge.

Chlorodyne - - 4 or 6.
Cholera Pills - - 200.
