EXTRACT from Proceedings of the Ellore Taluk Board passed at its meeting held at Ellore on 6th August 1892.

2. Read letter No. 139 of 5th June 1892 from the President, District Board, stating that the Local Board has no right to sell the site of the old taluk office at Tanuku as it was transferred to the Board free of charge for the purpose of a choultry and that the new site proposed to be purchased must be acquired under the Act.

Resolution.—The former resolution is cancelled and President's observations accepted and the site proposed to be acquired under the Act.

ELLORE,
6th August 1892.

(Signed) C. SEETARAMAYYA,
Presiding Member.

From M. YOUNG, Esq., Acting Head Assistant Collector, Gódvári, to the Collector of Gódvári, dated 6th October 1894, No. 826.

I have the honour to report that the old taluk cutcherry at Tanuku was destroyed by fire some time ago, leaving only the front building and the walls of the main building. The front building is in a ruined state and is a source of danger to the neighbouring inhabitants, one of whom has put in a petition requesting that the building might be demolished. The Tahsildar, Tanuku, is also of the same opinion and recommended that the building might be pulled down. I ordered the sale of the materials of the building in public auction on the conditions that the purchaser should remove the materials within three months from the date of the sale, pull down

the walls of the two buildings and remove the bricks thereof, if any, and that he should not remove any earth from the site. Subject to these conditions the buildings have been purchased for Rs. 141 by one T. Ramalingam. The Tahsildar is of opinion that the amount realized is a fair price. I therefore request that you will be good enough to confirm the sale in the name of Ramalingam.

2. I have called on the Tahsildar to submit his proposals for the disposal of the site of the buildings. On receipt of his reply I shall submit my proposals for your approval.

Endorsement by the Collector of Górávari, dated 22nd October 1894, No. 4071-Ver.

Forwarded to the Superintending Engineer, I Circle, for favour of early remarks if there is any objection to the sale of the ruins of the building and its site.

ORDER—dated 23rd November 1894, No. 3008 W., Public Works.

The sale of the materials of the old building is approved. The question of the disposal of the site will be considered in the Revenue Department.
