NOTES.

Reference to P. W. D. Code,

Chapter XV, section vi, para. 199.

1. This form should be used by the Executive Engineer or the local Government in any of the following cases:-
 - (a).—When a grant, or an addition to an existing grant, is required for carrying on a sanctioned major work.
 - (b).—When a grant for a work is found to be in excess of requirements, and it is proposed to resign it, either wholly or in part.
 - (c).—When it is proposed to utilize the grant for one work upon some other.
2. Either of the columns for "Proposed new grant" or for "Proposed reduction," or both, may be used as required.
3. If it happens that the grant already allowed has been reduced, the entry in the column "Existing grant for current year" would of course be the amount less such reduction.
4. In the case of Irrigation works, the entries in the column "Departmental and service head" should show distinctly whether the proposed re-appropriation is debitable to Capital or Revenue, and the entries in the column "Works" should be so arranged as to show the project to the Capital or Revenue account of which the charge is debitable, and the class of service to which the charge is debitable, thus:-

PROJECT.

- (1).—HEAD WORKS:-
 - (B). Land
 - (K). Buildings

In cases of Productive public works, the fact of their being so should be noted against the entries.

5. It being of the utmost importance that early intimation of possible lapses, or of excesses, in outlay on works should be communicated to the Government, a close watch should be maintained on the progress of all works, and this form employed the moment the facts are sufficiently known.

6. Applications for re-appropriations which require the sanction of the Government of India should be submitted by the local Government in duplicate; applications by Executive Engineers should be submitted through the Superintending Engineers of their Circles.

EXPLANATION OF NECESSITY FOR RE-APPROPRIATION.

The sum already given is insufficient to meet the current year's expenditure. Hence transfer from item No. 3.

Out of Rs 2750 now applied for, Rs 2350 have been transferred from items 4 & 5, & the balance of Rs 400 will have to be provided from the savings in other Divisions. The additional grant of Rs 400 now applied for is to meet the cost of repairs to the Salub Cutcherry at Pulivendla the estimate for which was sent to Superintending Engineer III Circle with this Office No 1966 of 3.11.94.
