3. The above quoted Government Order does not apparently contemplate lascars under overseers being provided with belts and badges. I would point out that the duties performed by them are the same as those of divisional and sub-divisional lascars and of detached officers. They have, like others, very often to go to treasuries to remit into them the miscellaneous receipts of the department collected by the overseers and for cashing of the cheques drawn for salaries and travelling allowances and in recoupments of imprests. They have also to attend to the receipt of letters at the Post offices, &c. It is on these considerations that I recommend supply of belts and badges to overseers' lascars as well.

2. I fully concur ; it is just as necessary that overseers' lascars should have belts as have all Revenue peons or other lascars of this department.

16th November 1894.

(Signed) J. C. LARMINIE,
Superintending Engineer, V Circle.

ORDER—dated 27th November 1894, No. 3042 W., Public Works.

The proposal is approved. Belts and badges will accordingly be issued to overseers' lascars as in the case of the other lascars for whom they were sanctioned in G.O., No. 1822 W., dated 4th July 1891.

Submitting Extract of a letter from the Executive Engineer Lahore Divn regarding providing belts to - with Supty Engineers recommendation -

for orders.

The notes attached to the original of P.O. 1882 W dated 4th July 1891 show that Colonel A.C. Smith, who first suggested the extended distribution of belts and badges, never contemplated Overseers' Lascars being supplied. He expressly limited the distribution to 2 lascars attached to each Division - & 1 Sub-division (excluding "Detached") lascar. The badge was to be considered a mark of merit to some extent, & not to be given as a matter of course -

I think they should have them. Inhabitants pensioners have them - and P.W.D. lascars when sent to Tramways get pensioned at, and do not receive recent treatment if without belts or badges.
