

Letter from C. H. D. Majorelhaub, Esquire,
Executive Engineer, Vellore Division, to
the Supg. Engineer, Second Circle, dated
2nd November 94, No. 3785 E.

I have the honour to state that
in 1893-94, Rs. 240 were spent in
closing breaches in Minnangidinne
Tank against the estimate of Rs. 200
sanctioned in your Register No. $\frac{249}{1893-94}$,
the work having been considered
urgent.

2. In the agreement executed on
2nd November 1868, the Shastriendars
promised to pay half the cost of
repairs to be executed to this Tank.
The contribution due by them for
the above work comes to Rs. 149 as
follows:—

Half the Cost of Repairs —	Rs. 120
23% for establishment —	" 27
1 1/2% for Tools and Plant —	" 2
	<u>Rs. 149.</u>

3. By a mistake in this office,
the Collector of Vellore was, in
this office No. $\frac{727 \text{ M}}{26.12.93}$ asked to
recover only Rs. 60 (i.e.) $\frac{1}{4}$ of the cost
of repairs exclusive of establish-
ment and Tools and Plant charges
and

and the amount was collected
in the Revenue Department in
April 1894 and adjusted in my
accounts in September/94. The Collector
will now be requested to arrange
for the recovery of the balance
of contribution.

4. I request that sanction of
Government may be obtained

- (1) for fixing the contribution
at Rs. 149,
- (2) for debiting to Miscellaneous
advanced the balance of Rs. 89
pending recovery.
