into account the sum of Rs: 30,000 already withdrawn in G.O. No: 2367 W dy 20 September 1894. It is therefore considered that a further sum of Rs: 20,000 may safely be transferred from "Establishment" to "Works." Please let me know whether there is any objection to this being done.

C No. 7434

Note

The actual outlay under "Establishment" during the first five months of 1894-95 was Rs 8,77,390. The probable expenditure during the whole year, based on this average will be Rs 21,05,736, leaving a saving of Rs 58,802 from the grant of Rs 21,64,538.

As it will not be quite possible to utilize fully the savings on "Establishment" if they are withdrawn later in the year, it is submitted that a further sum of Rs 20,000 may for the present be transferred from "Establishment" to "Works". If approved, a draft order resuming Rs 20,000 from the grant for "Establishment" and allotting the same for "Works" will be submitted.
