2. Of the 4 peons provided for each Sub Division Office, 5 to Division Office 2 or 3 are generally taken to Camp and the services of the remaining peons left at Head Quarters are fully availed of without any exception and at times it so happens that no body is left even to watch the office

office at nights. These coolies are generally paid their railway fares which are usually paid to peons and charged in Travelling allowance bills and annas 4 for every day's absence and nothing more & In other cases they are paid only at 4 pies per mile.

3. The Sub Divisional Officers have been strictly informed not to employ coolies, but to manage the carriage of tappals by their peons unless under very exceptional circumstances.

4. The greater part of the charges herein referred to were incurred by the Ranipet Sub Divisional Officer who at that time does not appear to have realized the stringency of the ruling on the subject.

Office-note from the Examiner, Public Works Accounts, dated 16th April 1894, No. 1453 D.

Order—dated 1st May 1894, No. 1096 W., Public Works.

With his letter recorded above, the Superintending Engineer, II Circle, submits a proposition statement of temporary establishment required for the circle during 1894–95. The statement includes provision for the following :—

(*a*) Two clerks, one on Rs. 40 and the other on Rs. 20 per mensem, to assist the Accountant in the Kistna Eastern division.—The continued employment of these clerks for another year cannot be sanctioned as the Examiner, Public Works Accounts, has not yet submitted the report called for in paragraph 2 of G.O., No. 1101 W., dated 21st April 1893.

(*b*) One draftsman on Rs. 35 for the Kistna Eastern division and one draftsman on Rs. 40 and 1 clerk on Rs. 15 to assist the Accountant, for the Kistna Western division.—The provision for these men is disallowed, the necessity for their continued employment not having been explained.

(*c*) Establishment for the Gudiváda division.—This provision will be omitted, the Gudiváda division having been amalgamated with the Kistna Eastern —*vide* G.O., No. 778 W., dated 20th March 1894. But the provision for tappal lascars will be allowed to stand as these men belong to the conservancy establishment and are thus not affected by the Government Order quoted above, and they will be shown against the Kistna Eastern division in the statement.

2. With the exceptions noted above, the proposition statement is sanctioned.

3. This sanction has been registered as Provincial No. 9 W. of 1894–95 and classified as Establishment, Temporary.

" " Chief Engineer for Irrigation, dated 21st March 1894, No. 83.
" " Examiner, Public Works Accounts, dated 18th April 1894, No. 1484.

ORDER—dated 8th May 1894, No. 1137 W., Public Works.

It being desirable, in view to prospective claims to pension, that the designations of certain of the subordinates of the Public Works Department should be fixed and recognized generally, His Excellency the Governor in Council resolves that the following classification be in future adopted:—

Permanent establishment, pensionable.		Temporary establishment, non-pensionable.	"Works" establishment, non-pensionable.	
1		2	3	
Irrigation or Navigation Superintendents.	Anicut (a) Delta Boat Niranicum Embankment Tank Lock Weir Channel Wharf Toll (b)	Sweeper and scavenger.	Lascars (d)	Anicut. Delta. Niranicum. Lock. Weir. Channel. Aqueduct. Sluice (e). Tappal.
Peon (c)				
Workshops.				
Artificers	Maistry Foreman Engraver		Watchmen. Maistries.	
Gatekeeper				
Attender				
Boy				
Medical.				
Hospital servant				

(a) Includes anicut maistry.
(b) Includes toll-keeper.
(c) All men of this class attached to officers and employed on general duties to be called peons and not lascars or messengers. The watchman employed in guarding the Secretariat buildings at Ootacamund, who is under G.O., No. 2874 W., dated 7th November 1893, charged to "Establishment," will in future be designated "Peon."
(d) Certain of these men of long service are under special order of Government (G.O., No. 840 W., dated 28th March 1893) entitled to pensions for service rendered before the issue of those orders.
(e) Includes sluice-keeper.

2. All lascars employed on *general duties*, who will in future be called peons, are already on the permanent pensionable establishment. No change in their *status* is accordingly made; the change is merely one of name.

3. The case of the lascars employed on Irrigation works has been separately dealt with in the orders quoted in the margin. They now come under the "Works" (non-pensionable) establishment, individual claims to pension for previous service being regulated by the orders already quoted.

G.O., No. 840 W., dated 28th March 1893.
" " 203 W. " 23rd January 1894.

4. *Tappal* lascars are, under G.O., No. 840 W., dated 28th March 1893, now classed as temporary establishment and are non-pensionable. They will in future be classed as "Works" establishment. The employment of men of this class should, however, be discouraged as much as possible. They do not seem to be necessary except in connection with the delta canals.

READ the following letter from L. C. Miller Esqre, of Madura to the Secretary to the Commis of Land Revenue, Madras, d/4. 11. 94, Ref: our

With reference to the correspondence ending Board's Proceedings dated 20th November '93, No Routine, I have the honor to request the Boar pleased to move Government to accord sanct for fencing at the public expense, the site native cemetery situated just below the Euro cemetery, and referred to in para 5 of this letter No 5 dated 20th January 1893 disposed of Government Orders 17, dated 16th February 189 Ecclesiastical, and 990 dated 11th March 1893, bodied in Board's Proceedings 1789 Mis dated 17 March 1893

2. The cost as per Estimate amounts to Rs 138, this appears to be reasonable.

3. The fencing of the native cemetery is quite as necessary as the enclosure of the European cemetery if not more so.

Resolution. Submitted for the orders of Government with reference to the correspondence ending with Government

READ—the following papers :—

From J. W. MARTIN, Esq., Superintending Engineer, II Circle, to the Chief Engineer, Public Works Department, dated 19th August 1893, No. 256 G.L.

With reference to G.O., No. 840 W., dated 28th March 1893, ordering the transfer of conservancy lascars from permanent to temporary and works establishments, I have the honour to forward herewith a proposition statement giving effect to the above order for your approval and sanction of Government.

2. The details of the number of lascars affected by the above order are as follows :—

Name of system.	Establishment.	Number provided in Provincial budget, 1893–94.	Number to be transferred to		Number that would remain under permanent establishment.
			Works.	Temporary.	
1	2	3	4	5	6
Kistna delta system	Water regulation ..	109	55	30	25
	Navigation ..	84	63	..	20
Sangam anicut system	Water regulation ..	27	25	..	2
Pennéru do.	Do. ..	22	16	..	6
Buckingham canal	Toll establishment ..	20	18	..	2
	Total ..	262	177	30	55

3. The number of lascars entered in columns 4 and 5 have been served with notices that their services will be dispensed with, and applications for gratuities on their behalf will be submitted to the Examiner in the usual course.

4. Those entered in columns 6 represent the number of lascars of over 20 years' service including the period of 3 months' notice under G.O., No. 1303 W., of the 15th May 1893, and who are to be retained under permanent establishment.

5. In this connection I beg to invite your attention to my letters Nos. 1003 K.S. and 1105 K.S., dated 17th and 29th July, respectively, pointing out the hardship to the lascar establishment by the orders referred to in paragraph 1 above.

* In the case of appointments on progressive pay, the "average" should be calculated according to the rules in the Pay and Acting Allowance Code.

Office-note from the Examiner, Public Works Accounts, dated 18th September 1893, No. 1000 D.

Entries in column "Present scale" of the proposal statement have been checked and found correct.

2. The number of lascars of over 20 years proposed for retention cannot be checked, as the audit registers do not contain the names of incumbents in inferior grades. This can be verified only from the service books of the lascars concerned, which are recorded in the respective divisional offices in which they are employed.

From J. W. MARTIN, Esq., Superintending Engineer, II Circle, to the Chief Engineer, Public Works Department, dated 5th October 1893, No. 1630 K.S.

I have the honour to request you will be good enough to have one lascar out of the 119 (55 + 64) lascars shown against the Kistna delta system under water regulation and navigation establishments in column 4 of the statement appended to paragraph 2 of this office No. 256 G.L., dated 19th August 1893, transferred to column 5 (temporary establishment) as, owing to absence of details at the time of the preparation of the statement, two tappal lascars were only taken into account at Vinjeram lock in the Gudiváda division while three men were sanctioned for the lock for that purpose—*vide* G.O., No. 103 W., dated 13th January 1885. The figures in the above two columns will, after this correction, be 118 (55 + 63) and 30 respectively.

2. The number of lascars on Rs. 5 applied for under temporary establishment in the proposition statement sent with the letter quoted above will also be increased from 13 to 14, making the total cost for temporary establishment Rs. 174 against Rs. 169 already given.

ORDER—dated 20th January 1894, No. 180 W., Public Works.

The revised scale of conservancy lascars, permanent as well as temporary, for the II Circle, as shown in the statement submitted by the Superintending Engineer with his letter No. 256 G.L., dated 19th August 1893, is sanctioned.

2. This sanction has been registered as Provincial No. 63 W. of 1893-94 and classified as Establishment.
