2. The favour of orders for entertaining a watcher on Rs 4 per mensem, during the period the building is unoccupied at any time, is also requested.

Kutbuddin

Major R. G.

Supy Engineer, II Circle.

4-12-94

remaining with the former department, the Superintendent of the jail may be treated as a civil officer accounting to the Examiner of Public Works Accounts as contained in paragraphs 111 and 112, chapter 14 of the Government of India Public Works Department Code.

2. I do not think the Inspector-General wishes to adopt the former method. What he does want is not very clear, but seemingly he wishes to take credit for the whole of the work done according to the Public Works estimate and to treat the value of the building as a jail manufacture and to debit himself with the cost of the raw material.

3. If this is so, the Public Works books will contain a debit corresponding to the credit in the Jail department, and the account figures will be unnecessarily and fictitiously swelled and this is objectionable.

ORDER—dated 23rd November 1894, No. 1022, Financial.

The Inspector-General of Prisons estimates the ordinary receipts and charges of his department in 1895-96 at .05 lakh and .35 lakh, respectively, in excess of the sanctioned figures of the current year. The receipts under *Manufactures* may safely be raised to 3.52 with reference to the stringent orders issued in

XVI-B and 19-B.	Accounts, 1893-94.	Budget, 1894-95.	Revised, 1894-95.	Budget, 1895-96.
<i>Receipts.</i>				
Jails	.20	.15	.20	.20
Jail manufactures	3.45	3.47	3.47	3.47
	3.65	3.62	3.67	3.67
<i>Charges.</i>				
Jails	7.36	7.46	7.41	7.41
Jail manufactures	3.21	2.85	3.25	3.25
	10.57	10.31	10.66	10.66

G.O., dated 17th September 1894, No. 2259, Judicial. Government cannot, however, permit the sanctioned grant for expenditure in the current year under this head to be exceeded by so large a sum as .40 without further explanations for the proposed increase.

2. The Inspector-General has further provided for an expenditure of .30 in the current year and .50 in 1895-96 under *Jail Manufactures*, on account of the new jail to be constructed through departmental agency at Mount Capper, Cuddalore. In paragraph 10 of his letter, recorded in G.O., dated 15th August 1894, No. 1970, Judicial, Mr. Cardew stated that credit for the saving effected by this arrangement would be afforded to the Jail department, but he has not raised the estimates of receipts on this account, either in the current or ensuing year. The Accountant-General's letter read above would seem to indicate that any adjustment in the Public Works accounts would be objectionable. The Inspector-General will, however, address Government should he consider that the estimates require revision.

3. The following reductions will be carried out in the Inspector-General's estimates of expenditure for 1895-96 :—

- (i) *Salaries*.—A deduction of .055 will be made for probable savings under *Central Jails* and of .025 under *District Jails*.
- (ii) *Jail Manufactures*.—The allotment shown against *Presidency Jails—purchase of raw material* will be reduced by .02.

4. The estimates as accepted are shown in the appendix to these Proceedings and will be entered in the Civil Budget for 1895-96.

(True Extract.)

J. F. PRICE,
Chief Secretary.

To the Inspector-General of Prisons.

remaining with the former department, the Superintendent of the jail may be treated as a civil officer accounting to the Examiner of Public Works Accounts as contained in paragraphs 111 and 112, chapter 14 of the Government of India Public Works Department Code.

2. I do not think the Inspector-General wishes to adopt the former method. What he does want is not very clear, but seemingly he wishes to take credit for the whole of the work done according to the Public Works estimate and to treat the value of the building as a jail manufacture and to debit himself with the cost of the raw material.

3. If this is so, the Public Works books will contain a debit corresponding to the credit in the Jail department, and the account figures will be unnecessarily and fictitiously swelled and this is objectionable.

ORDER—dated 23rd November 1894, No. 1022, Financial.
The Inspector-General of Prisons estimates the ordinary receipts and charges of

XVI-B and 19-B.	Accounts, 1893-94.	Budget, 1894-95.	Revised, 1894-95.	Budget, 1895-96.
<i>Receipts.</i>				
Jails ..	20	15	20	20
Jail manufactures	3.45	3.47	3.47	3.47
	3.65	3.62	3.67	3.67
<i>Charges.</i>				
Jails ..	7.36	7.46	7.41	7.41
Jail manufactures	3.21	2.85	3.25	3.25
	10.57	10.31	10.66	10.66

G.O., dated 17th September 1894, No. 2259, Judicial. Government cannot, however, permit the sanctioned grant for expenditure in the current year under this head to be exceeded by so large a sum as 40 without further explanations for the proposed increase.

2. The Inspector-General has further provided for an expenditure of 30 in the current year and 50 in 1895-96 under *Jail Manufactures*, on account of the new jail to be constructed through departmental agency at Mount Capper, Cuddalore. In paragraph 10 of his letter, recorded in G.O., dated 15th August 1894, No. 1970, Judicial, Mr. Cardew stated that credit for the saving effected by this arrangement would be afforded to the Jail department, but he has not raised the estimates of receipts on this account, either in the current or ensuing year. The Accountant-General's letter read above would seem to indicate that any adjustment in the Public Works accounts would be objectionable. The Inspector-General will, however, address Government should he consider that the estimates require revision.

3. The following reductions will be carried out in the Inspector-General's estimates of expenditure for 1895-96:—

- (i) *Salaries*.—A deduction of 0.55 will be made for probable savings under *Central Jails* and of 0.25 under *District Jails*.
- (ii) *Jail Manufactures*.—The allotment shown against *Presidency Jails—purchase of raw material* will be reduced by 0.02.

4. The estimates as accepted are shown in the appendix to these Proceedings and will be entered in the Civil Budget for 1895-96.

(True Extract.)

To the Inspector-General of Prisons.

Budget Estimate.

Passing orders on — of the Jail Department
for 1895-96.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following

From the Suptg. Engineer II Circle No 808 M.D. 22 Sept

In the circumstances stated, the revised estimate amounting to Rs 19,300, for constructing an office for Head Assistant Collector Ramnada in the Madras District, is sanctioned in supersession of the estimate of Rs 17,800 sanctioned in No 2983 W dated 17 November 1893.

2. The expenditure on work to end of 1893-94.

Rs 3099 and the current allotment is Rs 8,300.

Superintendent

Note
The original grant was Rs 14,800.
Rs 6,500 have been since resumed.
(40-1,000-13 0-94.)
vide Co 1962 W 49 August 1894

Note by the Chief Engineer
P. W. Department.

The Suptg. Engineer

60 VI Circle submits a revised estimate amounting to Rs. 17,800 for constructing an office for the Head Assistant Collector at Ramnagar, in lieu of the estimate of Rs. 17,800 sanctioned in G. O. No. 2983 W. d/17 Nov. The excess of Rs. 1,200 is due to an extra rate allowed for the cartage of bricks, the distance having been incorrectly entered as $2\frac{1}{2}$ miles in the original estimate instead of 6 miles.

2. The Executive Engineer proposes the following modifications in the sanctioned design in order to reduce the amount of the revised estimate.

(a) To reduce the thickness of walls to $1\frac{1}{2} \times 2$ bricks for the court house, as the course $1'6" \times 2'0"$ is excessive.

Engrs letter.

With reference to your
Memorandum No. 3144 C dated
16 October 1894, I have the honor
to state that the construction
of the office for the Head As-
sistant Collector at Rannua
is proposed to be carried out
wholly by Contract.

2. The allowance made in
the data for 7 miles for Cartage
of bricks is a mistake, the cor-
rect distance being 6 miles; there
will therefore be a saving of
Rs. 300 in the estimate of Rs.
19,300, vide Revised data &

Enclosures. 3.

An office for the Head Anti
Collector at Ramnad:—

submits for sanction
of Govt a revised estimate
Rs 19,300 for construction—

0 L. S. 393 N 12/10

26-17

in excess of the original data & at the rate entered, viz. 1/2 as per mile, the excess will be Rs 3-4-0 & not Rs 3-0-0 as stated in the report.

The excess of Rs 1500 is due on the following sub heads of the estimate:

Concrete	Rs 126
Brickwork	854
Ornamental parapets	45
Archwork flat & semicircular	53
Flowering with 8" sq bricks over concrete	132
Terracing with brick on edge etc.	128
Contingencies & Petty Exp.	162
Total excess	Rs 1500

The following rates have been decided for which do:

Concrete	10/-
Brickwork	10/-
Plaster	10/-
Painting	10/-

- (a) To provide the interior face of walls with plaster in lieu of painting
- (b) To provide for painted & unpainted windows at Rs 1-12-0 per sq ft against Rs 2-12-0 for unpainted windows with glazed inner shutters.
- (c) To omit Cuddapah slabs for coping.
- (d) To substitute jinglemud for teakwood in window frames.
- (e) To provide plain parapets in lieu of ornamental parapets.

Deduct for heavy cornice which will be necessary by omitting Cuddapah slab coping Rs 100
 Rs 200 down fall pipes to be carried away by the drainage 99

The saving by foregoing is as follows.

Item a	-
d	-
e	-
f	-

As office collector at Sub 9 Govt a new Rs 19,300 per

Whimble forwards a letter from the
 E.E. Madras Divⁿ. proposing cer-
 tain modifications in the type
 design as to cover the excess of
 Rs 1200 over the original sanction
 & suggests that Cuddalore slab
 coping may be omitted. } Yes

The E.E.'s modifications are as follows:

(a) To reduce the thickness of walls
 to 1 1/2 bricks for the Court house
 as he considers 1'6" + 2'0" is ex-
 cessive

(b) To alter sections for foundation
 owing to the above reduction in the
 thickness of walls.

(c) To reduce the thickness of walling
 of concrete from 6" to 4 inches } Yes

(d) To not do roof timbers instead
 of painting } Yes

(e) To paint the exterior face of walls
 with white mortar in lieu of Portland
 Cement mortar } Yes

(f) To provide 1/2 panel type ventilation
 windows at Rs 1-12-00 per sq ft against
 Rs 2-12-00 for ventilation windows
 with glazed inner shutters. } Yes

(g) To omit Cuddalore slabs for
 coping. } Yes

(h) To substitute jangferwood for
 teakwood roof lining } Yes

(i) To provide plain parapets in
 lieu of ornamental parapets } Yes

With regard to the above, it is
 submitted that the following
 modifications appear necessary

now provided for, to cover the additional
Cartage of $3\frac{1}{2}$ miles.

4. A further reference was made
to the Executive Engineer on the subject
and a copy of his letter No. 375. S.E. dated
31st August 1894 is herewith forwarded
for your information.

5. It will be seen that the original
estimate was prepared in the
Division Office, and that due care was
not taken to ascertain from the
Division Officer the distance from
spot of the site where good brick earth
was obtainable.

6. The distance originally taken
was $2\frac{1}{2}$ miles. This is now found to be
7 miles.

7. Under the above circumstances
the revised estimate is recommended
for sanction and data for the higher
rates is also attached to the estimate.

8. The rates provided in the
revised estimate under reference
also required for the Head Assistant
Collector's Residence for which an
estimate amounting to Rs 11000.

for the sanction of Government a Estimate amounting to Rs 19,300 together with Comparative statement for constructing an office for Head Assistant Collector at Ra Madura District.

2. The estimate is in lieu the one for Rs 17,800, sanctioned Government Order No. 2983 W. da 17th November 1893, and the excess Rs 1500, over that estimate is due the higher rate for brick work the sub-heads noted below:—

Excess R

(1) Concrete ————— 126

2 Brick work in mortar in foundation and basement ————— 41

8. The rates provided in the revised estimate under reference are also for the Head Assistant Collector's residence for which an estimate, amounting to Rs. 11,000, was submitted with this office letter No. 898 M.D., dated 10th November 1894, printed with G.O., No. 1042 W., dated 23rd April 1894. I have called for a revised estimate which, when received, will be submitted to Government for sanction.

No. 3144 C.

MEMORANDUM.

Read—letter from the Superintending Engineer, VI Circle, dated 22nd September 1894, No. 808 M.D.

Adverting to the revised estimate submitted for constructing an office for the Head Assistant Collector at Ramnad, it would appear from the "report" on the estimate and paragraph 3 of the Superintending Engineer's letter quoted above that the actual distance which bricks have to be carted is 6 miles, yet the data statement provides cartage for a distance of 7 miles. The Chief Engineer has the honour to state that the discrepancy may be explained. It should also be stated whether the discrepancy is for the whole or a part of it—is contract or departmental.

16th October 1894.

(Signed) J. PENNYCUICK, Colonel, R.E.,
Chief Engineer, P.W.D.

From Major O. V. BODDY, R.E., Superintending Engineer, VI Circle, the Chief Engineer, Public Works Department, dated Trichinopoly, 10th November 1894, No. 1050 M.D.

With reference to your memo. No. 3144 C., dated 16th October 1894, I have the honour to state that the construction of the office for the Head Assistant Collector at Ramnad is proposed to be carried out wholly by contract.

2. The allowance made in the data for 7 miles for cartage of bricks is a mistake, the correct distance being 6 miles; there will therefore be a saving of Rs. 300 in the estimate of Rs. 19,300—*vide* revised data and comparative statement enclosed.

3. I have further the honour to forward herewith copy of a letter No. 53 dated 20th November 1894, from the Executive Engineer proposing certain modifications in the type design as applied to this work; I think the Cuddapah slab may be omitted.

Note by the Chief Engineer, Public Works Department.

The Superintending Engineer, VI Circle, submits a revised estimate, amounting to Rs. 19,000, for constructing an office for the Head Assistant Collector at Ramnad in lieu of the estimate of Rs. 17,800 sanctioned in G.O., No. 2983 W., dated 10th November 1893. The excess of Rs. 1,200 is due to an extra rate allowed for cartage of bricks, the distance having been incorrectly entered as $2\frac{1}{2}$ miles in the original estimate instead of 6 miles.

2. The Executive Engineer proposes the following modifications in the type design in order to reduce the amount of the revised estimate:—

(a) To reduce the thickness of walls to $1\frac{1}{2}$ and 2 bricks for the court walls, as he considers $1' 6"$ and $2' 0"$ is excessive.

(b) To alter sections for foundations owing to the above reduction in the thickness of walls.

(c) To reduce the thickness of levelling course of concrete from 6 to 4 inches.

(d) To wood-oil roof timbers instead of painting.

(e) To point the exterior face of walls with surki mortar in lieu of Portland cement mortar.

Recd.
Heads
Subs.
The alluvial tract is confined to the Vaigai banks where good bricks are manufactured, and the nearest is 7 miles distant. It may be safely assumed that if brick soil of any description was available at a nearer distance, that it would have been discovered long ago, and made use of.

The assumption is that the material is locally obtainable. When this is not the case, data and reasons for increased rates are furnished by the Sub-Divisional Officers. This should have been done in regard to the rates in question; but as already reported, the Estimate was sent in direct from the Division Office without data from the Sub-Divisional Officers. In the present case it is true that bricks cannot be procured nearer than 7 miles.

3. With reference to Para 2 of your letter, it is now impossible to say why the rates quoted by you were accepted.

For what the quality or specification of these works allowed for. The rates now asked for were sanctioned for the Combined Post & Telegraph Office^x which was constructed in 1893-94, ^{x for} ^{used} ^{brick} ^{rep} ^{Con} ^{and} ^{brick} ^{be 1/2} and nobody as already reported, will accept a lower rate.

I enclose data for the rates, prepared from information supplied by the Sub-Divisional Officer Mr Dady whom
