Letter No: 2863 dated 4th December/94 from the Executive Engineer Kurnool Division to the Superintending Engineer III Circle Bella

---

The Kurnool Municipality is in need of a building for locating the Upper Primary School Department which was detached from the High School at the beginning of the current year and the Municipality applies that the Civil Jail building also called Quarantine Ward (opposite to the old jail, which the Govt. has already made over to the Municipality for being used as a Market) be made over to them for the purpose free of Cost. The Collector also recommends that the Sanction of Govt: be obtained for formally making over the building to the Municipality and I also see no objection as the building is never likely to be wanted for any purpose and it is in a tumble down state.

I have the honour to request that you will be so good as to obtain the Sanction of Govt: to hand over the building to the

Municipality

ENCLOSURES.

From

THE CHAIRMAN,
MUNICIPAL COUNCIL,
*Kurnool.*

To

The Collector of
Kurnool

*Sir,*

I have the honor to state that the Municipal Upper Primary School — Department, which was detached from the High School at the beginning of the Current Calendar year, is now located in a rented building near the Hospital for which the Municipality pays a monthly rent of Rs 4. The School had to be located in that building as no other suitable place was available. The — strength of the School is gradually

on the increase and there is not sufficient accommodation in the building even at present for all the pupils of the School. The building is, besides, not well suited for the purposes of a School. The District Medical and Sanitary Officer, who inspected the building recently, has declined to give the necessary Sanitation Certificate on the ground that the building is very much in need of repairs, that it has no latrine accommodation and that it requires certain alterations to make it suitable for a School. The School will therefore remain unrecognized under the Grant-in-aid rules this year and the interests of the School are likely to suffer on this account.

The owner of the building, who is a Komati lady, is not willing to effect the necessary repairs and improvements to enable the Municipality to Continue to locate the School in the building. There is therefore no alternative to the Municipality but to vacate the building and remove the School to some other suitable place in the town. There is, however, no other suitable place in the town.

2. I have to bring to your notice that opposite to the old jail, which the Government has been pleased to hand over to the Municipality for being used as a market, there is the old Civil jail building, which has been vacant for ~~years~~ time and which is in a decaying

State. It is a Government building and is at present in charge of the Public Works Department. As there does not seem to be any likli-hood of the building being wanted for any purpose by the Government, as the building is likely to decay altogether if allowed to remain un-occupied as at present and as the Municipality is at present in need of a suitable building for locating the Upper Primary School, the Municipality is prepared to spend the necessary amount for putting it into order and utilizing it for the School if the Government should be pleased to make a free grant of the building to the Municipality.

3. Under these Circumstances I request you will be good enough to take the necessary steps to obtain the building for the Municipality free of Cost.

TO The Collector,

Sir,

In returning letter No. 417 of the 12th inst from the Chairman, Municipal Council, I have the honor to State that I Visited the building (the old Civil Jail) in Company with the Chairman on the afternoon of the 13th November and am of opinion that it will do Very Well for the Municipal upper Primary Boys' School if certain repairs and additions pointed out by me to the Chairman are made and beg to recommend that the building be made over to the Council for their school. It would be well

if the necessary repairs were effected as soon as possible as the school cannot be permanently recognised till it is located in a proper building.

I have the honour to be, Sir,

Sir,

In forwarding herewith letters Nos. 417 dated 12.11.94 and 41 Camp/K dated 19.11.94 from the Chairman of Kurnool Municipality and from the Inspector of Schools Central Circle respectively, I have the honor to request that Government will be pleased to accord sanction for the transfer of the Quarantine ward of

of the late District Jail to the Municipality for the location of its Upper Primary School.

2. The Rev: Mr. Thomsen of the American Baptist Mission applied for the building and I accordingly asked the Executive Engineer to value it, which he has now done fixing the value at Rs 1060; but I do not think that either Mr Thomsen or the Municipality would buy it for such a high price. As the building is not required for any Government purpose, it might be handed over free to the Municipality
