2. The work is very urgent, and in the hope that the building will be fitted up and handed over to my department for occupation about the end of February 1895, I have omitted to make any provision in the next year's budget for the rents of the 3 offices amounting to Rs 260 per mensem, from the month of March next.

3. In these circumstances, I have the honor to request that Government will be pleased to make, as a special case, a grant of Rs 10,385 for the work in the current official year, out of the reserve at its disposal, or out of the general savings in the budget, so that the work may be carried out immediately. This will obviate the payment of a heavy rent of Rs 260 per mensem on account of the 3 offices referred to.

4. If it is not considered feasible to allot the required amount in the current official year, I beg to request that an allotment of Rs 3120 ⊗ for the year 1895–96 under to, rates and taxes may be —ned to meet the payment of
