Summary of remarks on petitions from Caracaras
transferred from "Establishment" to "works" praying
that they may be retained on the permanent
establishment

Suply. Engrs. I circle - Recommends
for favorable consideration
their case on account of
them being a most useful
body of men, and stating
that if their request is not
granted it will be necessary
to raise the pay of the men.

Chief Engineer for India -
strongly advocating the
retention of the ancient
Caracaras on the permanent
establishment as the
services they render in
cases of emergency are
found invaluable

Suply. Engrs. II circle - Stating
that the action of Govt. in
transferring the men is
very much calculated
to create distrust in the
minds of all public
Suman

There will be no difficulty
in getting temporary men
to fill their vacancies until
their pay or pension shall
be decided.

I don't think these papers show
sufficient case against the proposed
transfer of these men ~~to~~ But we
must await the final order of
the Govt. of India on the linked file
