to the Secretary to the Commission of Land Revenue.

2 The Allagadda Taluk office and the Head assistant Collector's house should, if possible, be completed in 1894-95.

The present Taluk Cutcherry at Chagaturri is most inconvenient as it is situated at the extreme end of the Taluk on the borders of the Cuddapah District.

The new Cutcherry is in progress and the man in charge of the work told me it could be completed next year. Funds should therefore be allotted.

3 - The Head asst. Collector's Residence was said to be urgent as far back as 1885.

Now that the estimate has been sanctioned after considerable

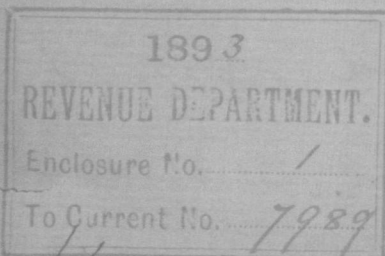

Correspondence, the completion should not be delayed by short allotment of funds.

4. If it is not possible to complete the Patikonda new Cutcherry at least, half the allotment should be made for 1894-95.

5. In modification of the proposals of the Superintending Engineer, I request that the following allotment be made for 1894-95.

Alagadda Taluk Office	35028	12761	22267
Patikonda Taluk Office	36610	"	18000

 Collector of Tanjore dated 12th October 1893, Ref. in C.D. No. 1423
 in letter from Colonel A. J. Fraser R. E. Superintending
 Engineer III Coimbatore Bellary dated 26th September 1893, No. 1646-
 Resolution

Submitted to Government in continuation of Board's
 Proceedings dated 5th October 1893, No. 574.

2. The list of works received from the Collector has not been prepared in the form prescribed by Government and circulated to collectors with Board's Pro. No. dated 29th May 1893, No. 149. A revised list is submitted accordingly.
3. It is observed that the estimate for work No. III is given both by the Superintending Engineer and the Collector as Rs 13,800 instead of Rs 12,060 which is the amount sanctioned in G.O. No. 2351 W. 12-9-93. In the absence of any explanation for the increase the Board has adopted the latter amount in its list.

I have the honour to state that Item N^o 13 of the List of works submitted under my endorsement N^o 4504, dated 28th September may be struck out. The work of extending the spaces between the Gales of the Vellore Central Tail is being carried out on a separate estimate of Rs 520, sanctioned by the Superintending Engineer, and on this being done I am of opinion that the further works contained in the estimate for Rs 8,300 sanctioned in G.O. 18th November 1891, N^o 3091 W, will be unnecessary.
