READ—the following paper :—

Proceedings of the Board of Revenue (Land Revenue), dated 22nd January 1894, Mis. No. 284.

Read—the following letter from S. H. WYNNE, Esq., Collector of Gódvári, to the Secretary to the Commissioners of Land Revenue, dated 5th January 1894, Dis. No. 15 Ver. :—

I have the honour to submit the report regarding improvements to my office buildings for which a sum of Rs. 10,000 has been provided in the list of works No. 326, dated 13th October 1893, read in Board's Proceedings, Mis. No. 5978, dated 20th October 1893.

2. The building in which the offices of the Treasury Deputy Collector, the Head-quarters Deputy Collector and the press are at present located was constructed in 1883. The plan prepared in 1875 is enclosed for reference.

3. The Treasury Deputy Collector and his establishment occupy the upper story of the building. The roof of this and of the press wing on the south are too low to admit sufficient light and air and it is impossible to work in these buildings without lights after 4 P.M.

4. The room marked "i Deputy Collector's office" is occupied by the Head-quarters Deputy Collector and his clerks, to whom no separate building has been provided. The accommodation is insufficient for both and great inconvenience is felt especially when cases are heard by the Deputy Collector.

5. The District Forest office is now located in a separate building at a distance of two miles and there is very great inconvenience in consequence.

6. On a careful inspection of the building, I find the following improvements necessary :—

- (1) The raising the roof of the upper story so as to allow a greater space between the eaves of the verandah and the floor ;
- (2) The construction of an upper story on the press wing with roofing to correspond with that proposed for the existing upper story ; and
- (3) Skylights for the room *now* occupied by the Treasury Deputy Collector, *i.e.*, the small room on the upper story.

7. I request that the sanction of Government may be obtained for the preparation of the necessary plans and estimates in the Public Works Department.

8. The above improvements obviate the necessity of a separate building for the Head-quarters Deputy Collector and will be sufficient to accommodate the District Forest office also.

Resolution—dated 22nd January 1894, Mis. No. 284.

Submitted for the sanction of Government with reference to G.O., dated 22nd October 1892, Mis. No. 4644, which communicates G.O., dated 7th October 1892, No. 2806 W.
