READ—the following paper :—

From S. G. WOOD, Esq., Officiating Under Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Calcutta, 29th December 1893, No. 3337 G.

In reply to your letter No. 2890 W., dated 11th November last, I am directed to say that officers and subordinates of the Public Works Department who have purchased copies of the present edition of volume II of the Public Works Department Code may be supplied, free of cost, with copies of the "Provisional Issue" of chapters of the revised edition.

ORDER—dated 8th January 1894, No. 20 W., Public Works.

Communicated to officers of the Public Works Department and to the Superintendent, Government Press, with reference to G.O., No. 2888 W., dated 11th November 1893.

Establishment.

READ—the following paper:—

From S. G. WOOD, Esq., Officiating Under Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Calcutta, 3rd February 1894, No. 394 G.

With reference to Public Works Department circular letter No. 3091 G., dated 5th December last, I am directed to state that the Superintendent of Government Printing, India, Calcutta, has been instructed to print only 1,000 copies of the "Provisional Issue" of Chapter III of the revised edition of Volume II of the Public Works Department Code, as the whole volume is likely to be ready for publication within a comparatively short time. The indents on the Superintendent of Government Printing for copies of Chapter III should therefore be restricted to the numbers which are actually necessary.

ORDER—dated 15th February 1894, No. 417 W., Public Works.

Under the circumstances explained, the indent on the Superintendent of Government Printing, Calcutta, will be reduced from 300 copies to 102 by eliminating the 198 copies provided in G.O., No. 2008 W., dated 14th July 1892, for purchasers of the code.

2. The Superintendent, Government Press, will note this in the distribution ordered in G.O., No. 3210 W., dated 14th December 1893.

From

Henry Irwin, Esq., C.I.E.,
Consulting Architect
to the Government of Madras,

To

The Chief Engineer
Public Works Department.

Sir,

Enclosures.

With reference to G.O. No. 312 W dated the 5th February 1894, I have the honor to state that the steel joists of 8"x4" section are quite strong enough for the purpose for which they are intended. Although item 1 in the statement is shewn to span 24 feet (between walls) it will have intermediate supports reducing the span to 17 feet and the weight to be borne to 5 Tons. Item 2 similarly has no larger span than 17 feet between supports and the weight to be borne 5 tons distributed. Item 3 has to carry 5.14 tons the span being 12 feet. The weight this joist had to carry was omitted from the statement submitted with the indent by a clerical
