Office-note from the Examiner, Public Works Accounts, dated 8th February 1894, No. 421 D.

The columns showing present scale of the statements for Chingleput, South Arcot, Tanjore and Negapatam divisions have been checked and found correct.

2. In the statement for Chingleput division the names of conservancy superintendents are entered, but no sanction for that establishment appears necessary, as G.O., No. 840 W., dated 28th March 1893, applies to lascars only.

Order—dated 15th February 1894, No. 433 W., Public Works.

The scales of Irrigation Conservancy lascars for the Chingleput, South Arcot, Tanjore and Negapatam divisions, revised in accordance with G.O., No. 840 W., dated 28th March 1893, are sanctioned.

2. It is observed that in the Tanjore division the scale has been added to by sanctions against "Works" accorded by the Superintending Engineer under the powers vested in him. This additional establishment has been struck out, as the statement should be confined to persons affected by G.O., No. 840 W., dated 28th March 1893.

3. The attention of the Superintending Engineer, V Circle, is drawn to paragraph 2 of the Examiner's office-note recorded above.

4. The sanction accorded in paragraph 1 has been registered as Provincial No. 67 W. of 1893–94 and classified as Establishment, permanent.
